## HOME RULE IN TAXATION BILL UP FOR HEARING

Gelder's Measure Discussed by Assembly Committee

(Special Correspondence of THE TRIBUNE.)

SACRAMENTO, April 4.—The first argument advanced so far this session on home rule in taxation was heard late yesterday afternoon before the assembly committee on constitutional amendments, when Assemblyman George Gelder's measure, designed to make home rule operative, came up for hearing.

The argument in favor of the bill was made by John Gelder, father of the assemblyman, who appeared before the committee as a representative of Emeryville. No action was taken on the bill. Gelder appeared as a representative of the Emeryville Improvement Association.

Another skirmish on the floor of the Assembly is due to occur with the passing out of the Assembly committee on commerce and navigation with a favorable report of the Emeryville tidelands bill introduced by Assemblyman George Fitzgerald. At a committee meeting held late yesterday afternoon Fitzgerald succeeded in getting the "do pass" stamp placed on his measure after it had been amended in conformity with both the Berkeley and Alameda acts to provide for the expenditure of \$50,000 in five years by Emeryville in the improvement of the waterfront.

Recommendations have been sent out by the ways and means committee of the Assembly for the passage of Assemblyman George Gelder's bill appropriating \$15,000 to the Grand Army of the Republic of the Department of California and Nevada, for the purpose of having California represented in the celebration of the battle of Gettysburg, in Pennsylvania, during the first four days of next July.

### OPPOSE RED LIGHT BILL

That all of the people in California are not in sympathy with the passage of the red light bill in its present form is being indicated daily by the receipt of communications by those legislators who cast their votes against the enactment into law of the Grant-Bohnert red light injunction and abatement act.

Senator Boynton and Assemblyman Sutherland, two of the Progressive leaders in the Legislature, who voted against the passage of the measure, have both received a heavy mail since the votes were taken on the bill and most of the letters were of a commanding nature.

Senator George J. Hans, of Fruitvale, who was the only member of the Alameda county Senatorial delegation to vote against the bill, has also received many letters commending him on his stand. Only one letter condemning his action has been received. W. J. Petersen, chief of police of Oakland, has endorsed Senator Hans' action. He has written the following communication to the Fruitvale solon:

### COMMENDS STAND.

"Now that the vote has been taken on the red light bill, and I could not be accused of attempting to influence you in any way regarding the same, I desire to say to you that I commend most heartily your stand. You have proven yourself to be a man as well as a Senator in every sense of the word and one that was not influenced by fear of punishment or hope of reward."

During the stand you have so valiantly fought for will be appreciated by your constituency in the future, as your services have been in the past, I am, yours respectfully, "W. J. PETERSEN, Chief of Police."

Assemblyman Alfred Morgenstern, of Alameda, has received a letter from the directors of the Alameda Chamber of Commerce extending the thanks and appreciation of that body for his untiring work in behalf of the Alameda city tidelands bill.

D. G. L. Tufts, of Berkeley, has submitted to the house committee on public morals a list of amendments to the Benedict day of rest bill, which makes almost a new measure out of it.

### LAUD GAMBLING BILL.

Lauding the Morgenstern gambling bill as one of the best measures before the Legislature, the public morals committee of the Senate late last night passed the bill out with a "do pass" report, but because it would put a new statute on the books, it was re-referred to the Senate Judiciary committee. The bill has already passed the Assembly with a strong vote.

The purpose of the bill is to provide for the recovery of damages by a wife, mother, relative, guardian, child, or employer, of funds lost in gambling houses by creating the right to file a civil action against the owner of the gambling house and also the owner of the property in which the gambling house is located, provided that it can be established beyond doubt that the owner of the house was aware the gambling was being conducted in it.

Senator Strobridge's bill, No. 1126, to establish a state censor commission to censor motion picture films and to regulate their use, came up before the Senate committee on public morals late last night. Several amendments were tacked on to the measure, which were agreed to by the representatives of the Motion Picture Exhibitors' Association of California. Assemblyman Woodley, who introduced a companion measure in the Assembly, appeared in behalf of the passage of the bill.

PROVIDE COMFORT STATIONS. If the Assembly and Senate follow out the recommendations of the Assembly committee on public health and quarantine and pass the bill introduced by Assemblyman Fitzgerald of Emeryville, which was reported out of that committee favorably, and there is \$50,000 available for the purpose, public comfort stations will be established in all cities of 20,000 population or over in the state. The bill was reported out late yesterday afternoon with slight amendments. These amendments require that the state shall not purchase any of the land on which these comfort stations would be erected, and would not spend more than \$2500 on each station.

When Senator Wright's proposed constitutional amendment, No. 8, which provides that a person holding government position shall not be eligible to a civil office of profit under the state of California, and also prevents a state, county or municipal officer from holding a seat in the Legislature, or a Senator or Assemblyman from holding another lucrative office in the state during his term, came up for final passage yesterday, Senator Tyrrell, of Oakland, proposed an amendment.

AMENDMENT SURPRISES. Senator Tyrrell surprised the read Senators by his amendment. It read

that all persons who within six months of election have been in the employ of public service corporations, insurance, trust and banking companies, and union labor organizations, would also be ineligible to a seat in the Legislature, under the terms of the amendment.

Before Senator Tyrrell, who had the floor, had finished speaking, Senator Wright jumped to his feet and tried to be recognized. He did not know whether Tyrrell was serious or whether he had become affected with the "Sanford bug," which has been stalking in the Senate chamber lately. When he finally got the floor he told Tyrrell he was in favor of his amendment.

"You can't go too far for me in this matter," he said. Senator Hand then took the floor to suggest further amendments to the act. He favored the inclusion of all representatives of union labor, corporations and private interests in the measure, but said the best way to overcome the necessity of such a measure would be to provide a salary of at least \$3000 a year to members of the Senate so that they might devote all of their time in the interests of the state while holding office.

Senators Boynton, Carr, Larkins, Kehoe and Caminetti entered into the discussion with divergent views. The result was the amendment was submitted to Senator Breed as a committee of one to amend. It was made a special order for this morning on motion of Caminetti.

## SOLONS WORK ON 'BLUE SKY' BILL

Action in Whipping Measure Into Shape Will Be Taken.

SACRAMENTO, April 4.—Final action in whipping a "blue-sky" bill into shape was scheduled for today by the Assembly Judiciary committee. Complainants who objected to the bill were expected to get together with a sub-committee at 10 o'clock and present the amendments they desired, and the full committee was to shape up the bill and send it to the printer tonight.

The revenue and taxation committee of the Assembly reported several bills favorably today including Senate Assembly bill 1198, by Sutherland, providing a method for fixing the value of franchises; Assembly bill 1682, by Sutherland, providing for the rehabilitation of corporations which have failed to pay their license taxes; and Assembly bill 1855 by Kuck, providing for the combination of certain city and county offices.

Assemblyman Weldon's concurrent resolution No. 20, introduced as a substitute for the bill increasing the corporation tax rates passed before the recess, was sent out with the recommendation that it do not pass.

"Little Miss Brown" Evokes Laughter From Very Beginning.

(By LEO LEVY.)

"Little Miss Brown" waded in trouble at the Macdonough Theater last night. And a good-natured crowd that heard her call for help bailed on the shore and watched her struggle with the waves. Also, they laughed at her predicament and allowed her small self and the dramatist to help her out of deep and very hot water.

Laughter starts early in "Little Miss Brown." Better than that it gives itself to the farce and is on tap up to within five minutes of the final curtain.

It may be there's a reason that it doesn't bring down that curtain as the remainder. Laughter is sidestepped when the best of plays begin to fizz like a despondent firecracker. The lone fault with "Little Miss Brown" is its last five minutes. Either its author wearied and tried to untangle the situation, or mad rush or a stage manager's blue pencil did an ad lib on the manuscript.

IS SWOLEN SUCCESS.

Be that as it may, "Little Miss Brown" is an inflated hilarious success. It is broad and bold with the farcical played on so heavily that comedy ceases to be. There are a lot of old friends, however, who actors and some decidedly new ones. Miss Brown is a young woman who arrives in a strange town one day before she was expected. The author has provided that the hour be midnight or thereabouts, that the unfortunate one's handbag be stolen at the depot and that the hotel clerks be more than usual.

When Miss Brown, sleepy and hungry, in desperation assumes the identity of a Mrs. Dennison "who is expecting a husband in the morning" the trouble starts. For Miss Brown couple are expected, a room has been set aside for them and Miss Brown is shown to the apartment.

THEY'RE ALL ON DECK.

That's the beginning. What happens before the end is contributed to by a jealous wife, two rich relatives of the real Dennison, a grumpy hotel clerk who also is a detective, a maid, porter and telephone girl. Incidentally, there appears on the scene the fiancé of Miss Brown and the man she eventually marries. Madge Kennedy's little Miss Brown is an original for a matter of fact, meek, mild, helpless bit of femininity that plays on your sympathy and pleases your eye. It is a decidedly successful Miss Brown. Ned A. Sparks gives you a hotel clerk whose perpetual groveling is an ineffable comedy. The characterization is an achievement. In fact, the cast is crammed with individuality and talent and the farce is splendidly acted.

Nine-tenths of "Little Miss Brown" couldn't have happened. And that's why it's a joy.

## JAILED DYNAMITER WAS OUT FISHING

Mysterious Disappearance at Daybreak Was Not for Secret Freedom.

LOS ANGELES, April 4.—Much excitement was created here yesterday by the disappearance of a man named E. McManis, the confessed dynamiter, who had been taken from the county jail soon after daylight this morning. Stories were told that McManis was to be taken to San Francisco and placed aboard a liner for some foreign land as a free man. While a score of newspaper reporters and others were trying to solve the mystery of McManis' departure, the erstwhile dynamiter was calmly sitting on the edge of the pier at Redondo Beach enjoying himself with a fish line and a can of bait. Detective Malcolm McLaren, who has been McManis' constant companion while outside of jail bars ever since his arrest two years ago, was his fishing companion.

The mystery of the dynamiter's disappearance was cleared up only partly tonight, when McLaren, his prisoner and a strike of fish arrived at the county jail in an automobile, and McManis resumed his quarters after turning over the fish to the jail chef.

## WHITTIER BOYS GO TO COMMONWEALTH FARM

LOS ANGELES, April 4.—Two hundred boys from Whittier State school are on the way today to Ingle, where they will remain until the State Legislature provides the wherewithal to establish a paternalistic miniature commonwealth under the guidance of Superintendent Fred Nelles. When the boys bade goodbye to Whittier and marched to the railroad station with their belongings in the action of the Legislature, but hoped soon to have his charges housed in cottages on a 200-acre farm sufficiently isolated to remove temptation from the path of the youths and to give the "home system" a fair chance to prove its worth.

## McCOMBS TO HEAD DEMOCRATIC CLUB

NEW YORK, April 4.—William F. McCombs, chairman of the Democratic National Committee, is to succeed Justice Thomas F. Donnelly, who will retire soon after the annual dinner of the club, which is held in honor of the birthday of Thomas Jefferson.

## FINDS MAN TO FIT HER IDEAL

Miss Virginia Brooks' Subjects Read Like Page of Novel.

CHICAGO, April 4.—Miss Virginia Brooks, whose salvation of West Hammond from a political ring gave her the title of a modern "Joan of Arc," a suffrage leader and reform worker, was quietly married yesterday to Charles S. Washburne of the Chicago Tribune staff.

The couple left for a small Ohio town where the bride's mother is visiting. Mr. Washburne first met Miss Brooks two years ago when he was assigned to interview her on her work in West Hammond.

Leonard S. Boyce resorted to "love tactics" to win Miss Brooks, but failed after he had taken out a marriage license.

There is the kind of a man Miss Brooks said she had found her ideal husband. He must be of athletic mold and possess splendid strength.

He must first have been a "mother's boy" and later a "teacher's pet."

He must be a good looking and a magnanimous winner.

He must be a man's man.

He need not be a college man or a regular church attendant.

"Does Mr. Washburne come up to these rules?" Miss Brooks was asked. The reformer smiled, but did not answer.

Mr. Washburne is a newspaper worker has dark hair and eyes, 33 years old, 5 feet 8 inches in height, a believer in suffrage, not a college man and is possessed of good health.

## INVENTS SYSTEM TO AID NERVES

Will Abolish Present Curse of America, Says Gordon Law.

WASHINGTON, April 4.—Nervousness will have ceased in the next generation to be the curse of the American people in the opinion of Gordon Law, physical director of the local Young Men's Christian Association, who announced today that he had perfected a system of physical culture that would effectively prevent it in growing youth.

He declared he would make his system public within a few days. In general it is calculated to strengthen the spinal vertebrae, the nerves that radiate from the spine and the muscles of the back.

"If nervousness is to be checked in the coming generation," said Dr. Law, "we must start with the children, which is the reason that I have formulated these exercises for the Y M C A. boys' department."

"The exercises are all aimed at building up the spinal column and the muscles of the neck, for the reason that these parts of the body include the largest part of the fundamental nervous tracts."

If we keep the spinal column and neck in good shape nervousness will practically disappear."

Dr. Law said the exercises would be included at once in the regular physical work of the Y M C A. boys' department here.

## THIRTEEN-YEAR-OLD BOY STABS GIRL SWEETHEART

JOLIET, Ill., April 4.—Michael Ragan, 13 years old, stabbed Anna Jackson, 7 years old, yesterday, because she would not marry him.

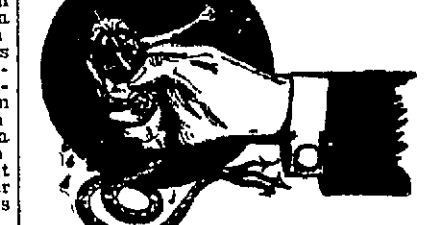

The girl will recover.

One morning recently the boy secured several Chicago newspapers of an old date and sold them to get money for the wedding.

He has disappeared.

## Remarkable Catarrh Cure

Gets Right into the Affected Parts and Stops Gathering in Eyes, Nose, Throat and Lungs.

"Nine-tenths of humanity suffer with catarrh but do not know what catarrh is," said an expert doctor, a specialist in blood analysis. It is the most insidious disease nature tries to drive it out of the system. But nature must have help. Nasal catarrh is merely an outlet, and it is folly to expect a cure by inhalants or local applications. If a stream is polluted at its source it is ridiculous to waste time in purification at its mouth.

By a long series of elaborate experiments at the Swift Laboratory it is definitely known that catarrh can be cured by the simple process of inoculating the blood with antidotal remedies that stop inflammatory conditions throughout the mucous linings of all the organs of the body. This is done with the famous Swift's Pure Spring, or it is known as S. S. S. It is taken into the blood just as naturally as the most nourishing food. It spreads its influence over every organ in the body, comes through all the veins and arteries, enables all mucous surfaces to exchange inflammatory acids and other irritating substances for arterial elements that effectively cleanse the system and thus put an end to all catarrhal pollution. S. S. S. cleanses out the stomach of impurities, the circulation, enables only pure blood-making materials to enter the intestines, combines with these food elements to enter the circulation, and in less than an hour is at work throughout the body in the process of purification.

You will soon realize its wonderful influence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system. You will find S. S. S. on sale at all drug stores at \$1.00 per bottle. It is a remarkable remedy for any and all blood affections, such as eczema, rash, lupus, tetter, psoriasis, boils and all scrofulous conditions. For special advice on any kind of disease write in confidence to The Swift Laboratory Co., 197 Swift Bldg., Atlanta, Ga. Do not delay to get a bottle of S. S. S. at your druggist.

## FIFTEEN INDIANS RECEIVE DIPLOMAS

Demonstrations of Practical Work Given at School Commencement.

CARLEISLE, Pa., April 4.—With unique commencement exercises fifteen Indians, from nearly as many scattered tribes, were graduated from the government Indian school here yesterday. In place of orations and essays the aborigines gave demonstrations of practical work taught at the government school. The exercises were held in the school gymnasium, and included among the many visitors were state and federal officials and several old Indian chiefs from a number of western states, a few garbed in the habiliments of their race.

When the curtains were pulled back they revealed a stage equipped with charts showing how to farm and devices used in expert agricultural work. Peter Eastman, one of the graduates, gave a descriptive talk on "Harming at school and at home."

The other talks were accompanied by descriptive stage settings.

Besides the fifteen graduates 50 pupils received industrial certificates.

## PIRATES KILL AND LOOT ON BRITISH STEAMER

HONG KONG, April 4.—Thirty pirates had boarded the vessel as passengers headed up the British river steamer Taiton in the estuary of the Canton river. They killed two and wounded four Chinese passengers, tied up the European officers and carried off everything of value, even the ship's lights and made off in the steamer's boats.

## MAN WHO HUNTED BOOTH IS DEAD

MEMPHIS, Tenn., April 4.—J. E. McCollough, one of the men of Company F, Ninety-eighth Ohio Volunteers, detailed to search for John Wilkes Booth on the road to Washington on the night of the assassination of President Lincoln, died here today, aged 70 years. McCollough was stationed at Point Lookout guarding prisoners when detailed on the duty.

## GLORY OF EGYPT DUE TO WOMEN

Egyptologist Finds Perfectly New Theory for Ancient Culture.

PHILADELPHIA, April 4.—The history of Egypt is replete with proofs that the feminine secretaries and girls of the working classes in the ancient times were responsible for the growth and prosperity of that country. Such was the declaration by Dr. Max Muller, Egyptologist of the University of Pennsylvania, in an address yesterday. He lauded Taha, the first real queen ever chosen from the common ranks in Egypt.

Amenophis III, king of Egypt 1400 years before the Christian era, because enamored of Taha, a plain, old fashioned working girl, and from the moment he declared her the official queen, Amenophis had prosperity. Dr. Muller said that the old kings used to approve of the harem, but polygamy ended when Amenophis gave Taha a legal wife's light. The speaker showed a picture of the king and queen, eating at the same table and one of Amenophis holding his wife on his lap. The successor of Amenophis III married a working girl also, and the reign lasted for many years while the country prospered.

## PUBLISHER PROSECUTES ANOTHER PUBLISHER

CHICAGO, April 4.—John M. Glenn, publisher of the Manufacturers News, was arrested on two new warrants in connection with charges of criminal libel by Andrew M. Lawrence, a Chicago publisher. They are identical with those dismissed yesterday by Chief Justice Olson of the Municipal Court.

The charges grew out of allegations made in Glenn's paper in connection with the activities of the Illinois Senate white slave committee. Bonds were forfeited, and the hearing set for next Wednesday.

## MISSING MAN RETURNS.

DODGE CITY, Kan., April 4.—Otto Reich, a wealthy farmer, whose mysterious disappearance from his home near here three years ago, led to the belief that he had been the victim of foul play, returned here yesterday. Reich said that he left because of financial worry.

## Valuable Spring Tonic

If your reserve strength and energy have been reduced during the trying winter months you need a good Spring tonic to tone up your system and restore your vitality and energy to a normal condition. A strong healthy body resists disease by overcoming and destroying disease germs that gain a foothold and bring disease to the run down, weakened system. Duffy's Pure Malt Whiskey is recognized generally as the most effective tonic stimulant known. It has brought health and strength to thousands yearly for over 52 years.

## Duffy's Pure Malt Whiskey

Remember This

When one's health is in question nothing but the best will do

Duffy's Pure Malt Whiskey

is a medicinal preparation of the highest order. It is made from perfect, sound grain, all carefully malted. Nothing but the finest grains can be used, as imperfect grain cannot be malted. Repeated refutings, or distillations, are resorted to in order that injurious by-products such as tannic, acetic acid and fusel oil may be removed, leaving only the sound, unadulterated juice of the grain which gives to the article the beneficial benefit so necessary for medicinal use. A costly process 'tis true, but the splendid results obtained are well worth the outlay, and insures a higher standard of purity than is required by the U. S. Pharmacopoeia.

Duffy's Pure Malt Whiskey should be in every home. It is invaluable in case of emergencies. Get a bottle today. Most any druggist, wine merchant or grocer can supply you at \$1.00 per bottle.

## WOMEN IN THE NEWS

HAS FOUR WIVES  
AND TWENTY-SIX  
CHILDREN

George Near-Fear-Deer-Beer  
Has Bride for Each  
Cognomen.

**C**HICAGO, April 4.—George Near-Fear-Deer-Beer, aged 47, burst into prominence yesterday when the investigators for the county court asserted that they had discovered he had four wives and twenty-six children. It is charged that he first married under his right name, his legal wife being Mrs. Josephine Near. The others, all residing in Ravenswood, are Mrs. Mary Near, Mrs. Susan Dear and Mrs. Martha Beer. His children are listed as nineteen Beers, three Nears, two Deers and two Beers.

"This is the first time in my experience that I have come in touch with so remarkable a case," said County Judge Over. "It is one of the most disgusting instances of bigamy I ever heard of. If it is within my power I am going to make him support all those children."

Mrs. Josephine H. Lawrence, special investigator for the county court, ran down the facts in the case and Mrs. Near-Deer-Beer is in for a hard experience in court. The investigation will be continued on the basis that his entire matrimonial history has not yet been exposed.

The case came to light in a peculiar manner. Mrs. Josephine Near complained that her husband did not support her and her thirteen children and remained away from home at night. Fear explained to the county court investigator that his inventions kept him out nights. After he left Mrs. Josephine Near came up to complain that her husband, George Near, was neglecting her for a widow of the name of Fear, who had many children.

Mrs. Mary Dear came in at the end of the day to complain that George Dear, her husband, was giving his time to a Mrs. Beer, a widow, with two children.

Investigation showed that all these names were held by the same man. The county court officers will get the women in court together to meet Near-Deer-Beer.

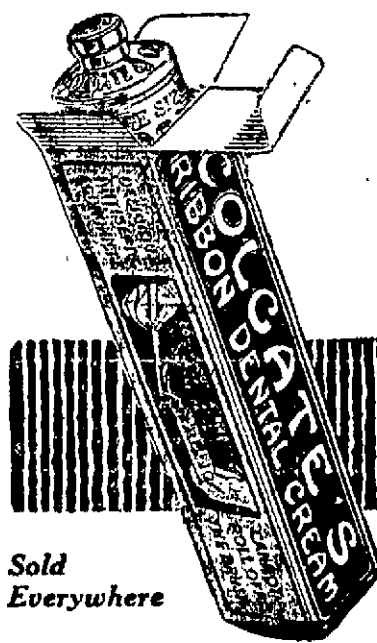

## Heed Dying Request

**NEW YORK, April 4.**—The court that parted F. Augustus Heinze, the copper king, and his wife, Beatrice, will be besought to restore her to him in death. It was Mrs. Heinze's dying wish that this be done for the sake of her child. Her lawyer, Benjamin F. Spellman, began preparation of a remarkable petition yesterday a few hours after his client's death, to expunge the record of the interlocutory decree already granted. "I always have loved you, Fritz. I always have hoped something would happen to bring you back to me!" the dying woman's words of reconciliation with her husband, the deceased scene, her tears and embraces; his assurance of love; his promise to try to fulfill her last wish—all these will be written into

the records of the state, together with the testimony, under oath, of Mrs. Heinze's mother, her sister, and the nurses who stood near by.

Never before has the supreme court of New York been petitioned to expunge the record of a divorce by a voice from the grave.

"Had she lived it would have been possible for Mrs. Heinze to discontinue this action," Mr. Spellman said yesterday.

"Because of her love for Heinze and her hope that something would bring about a reconciliation," she postponed taking the final decree which might have been entered last month. She had only until April 17 to decide whether the decree would be taken. Again and again she told her: "Wait, wait, that decree means death between my husband and me. To take it would tear my soul from its body."

In the last minutes of her life, she repeated over and over again the request that the record be expunged.

Mrs. Heinze's body was sent yesterday afternoon to Toledo, O., for burial.

**Waitress Weds Count**

PRINCE ALBERT, Sask., April 4.—From waitress in a hotel dining-room to countess of the court of Denmark was the transition today of Miss Lena Kure, who was married to Count Hugo von Holstein Rathbom, eldest son and heir of Lord Frederik Emil von Holstein Rathbom of Denmark. The count and his bride left today for a wedding tour through the United States after which they will reside in Denmark.

**Weds Girl He Saved**

LOS ANGELES, April 4.—A romance, the parties to which were George J. Roman, for two years employed as assistant baggage man at the Hotel Alexandria and later at the Coronado Hotel, and Miss Fannie Merrill, a pretty brunette of Portland, Me., culminated yesterday in a wedding when guest and hotel employee were married in a North Broadway apartment house.

Miss Merrill is the daughter of rich parents and she is wealthy in her own right. February 20, while she was auto-mobiling along the Foster road near San Diego, her machine swerved close to the edge of a hill near Julian and her fingers became powerless.

Roman, riding a motorcycle, arrived in time to grasp the situation, and, leaping from his own machine to the automobile, he halted the car.

**TO STUDY TARIFF IS AIM OF FAIR SEX**

WASHINGTON, April 4.—Determined to prove to Congress that they are capable of grasping the intricacies of the tariff, members of the local section of the Women's National Democratic League will study tariff study classes at their headquarters. More than 125 women already have signified their intention to struggle with the mass of figures and data that have caused more than a few gray hairs to appear on the heads of weary and overworked members of the House Ways and Means Committee.

"And we won't confine our studies to millinery, furs, fur belows, or feathers, either," said Miss Annette B. Paul, who will instruct the class.

Many wives and daughters of Senators and Representatives in Congress are members of the league. The women will augment their class work by frequent trips to the capital to listen to the tariff debates.

**BEGIN DISCUSSION OF COST OF LIVING**

PHILADELPHIA, Pa., April 4.—Political and household economists, sociologists, investigators and others who have studied the wants of human beings began a two day discussion here today on the "cost of living."

The occasion was the annual meeting of the American Academy of Political and Social Science. Proceedings were divided into six parts: "Family Standards," "Public Control," "The Living Wage," "Waste and Extraneous," "The Minimum Wage," and "How Can the Cost of Living Be Reduced?"

**PASADENA NAMES FIRST COMMISSIONER'S BOARD**

PASADENA, Cal., April 4.—Pasadena elected yesterday the five men who will constitute the city's first governing body under the recently adopted commission form of government. They are R. L. Metcalf, T. D. Allen, A. L. Hamilton, M. H. Salisbury and W. B. Loughry. They were chosen from a field of ten men named at a primary election.

Daughter of President Sees  
Sailors Spar on Big  
Dreadnought.

WASHINGTON, April 4.—Miss Eleanor Wilson, daughter of the president, who has returned from Hampton Roads, Va., where she was a spectator of the Atlantic fleet battle practice, had a front seat at a brisk three-round boxing match on the deck of the big dreadnought Wyoming Wednesday night.

Tom Hiltzfield and Walter Jones, the prize boxers of the Wyoming, were the principals. Miss Wilson said she enjoyed the bout very much. Six members of the cabinet also saw the match.

Miss Wilson was initiated into the mysteries of a "battle royal," a game popular in the navy. Four blindfolded men with boxing gloves on their right hands and tin cans in their left hands, which they keep rattling on the floor, slug each other. The winner is the man who can land the greatest number of blows.

After the game the enlisted men of the ship sang a song for the president's daughter and gave her a cheer.

**QUIZ FOR ARMY OFFICERS.**

WASHINGTON, April 4.—Examinations will be held at all army posts July 14 next for civilian candidates for appointments as second lieutenants in the mobile army. There are only a few vacancies and applicants have been instructed to address the adjutant general's offices here for papers and information.

# Woman's Beauty is Based on Health

To Have Health, Bowel Movement Is Absolutely Necessary; How Best to Obtain It.

If woman's beauty depended upon cosmetics every woman would be a picture of loveliness. But beauty lies deeper than that. It lies in health. In the majority of cases the basis of health, and the cause of sickness, can be traced to the action of the bowels.

The headache, the lassitude, the sallow skin and the lusterless eyes are usually due to constipation. So many things that women do habitually conduce to this trouble. They do not eat carefully, they eat indigestible foods because the foods are served daintily and they do not exercise enough. But whatever the particular cause may be it is important that the condition should be corrected.

An ideal remedy for women, and one especially suited to their delicate requirements, is Dr. Caldwell's Syrup Pepsin, which thousands of women endorse highly. Mrs. Jennie Snedeker, 1041 West Monroe St., Chicago, testifies that she is "cured of grave stomach and bowel troubles by using Syrup Pepsin and without the aid of a doctor or any other medicine." All the family can use Syrup Pepsin, for thousands of mothers give it to babies and children. It is also admirably suited to the requirements of elderly people, in fact to all who by reason of age or infirmity cannot stand harsh salts, cathartics, pills or purgatives. These should always be avoided for at best

MRS. JENNIE SNEDEKER

their effect is only for that day, while a genuine remedy like Syrup Pepsin acts mildly but permanently.

It can be conveniently obtained at any drug store at fifty cents or one dollar a bottle. Results are always guaranteed or money will be refunded. You will find it gentle in action, pleasant in taste and free from griping, and its tonic properties have a distinct value to women. It is the most widely used laxative of families are now never without it.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address a postal will do—Dr. W. E. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed you. Results are always guaranteed or money will be refunded.

# GIRL HE CANNOT GET OFF TANTALIZES YOUTH

By LAURA JEAN LIBBEY

(Copyright, 1913, by Laura Jean Libbey.)

LAURA JEAN LIBBEY.

**T**HE majority of men might be considered quite adorable if they were less inconsistent. All seem to be in much the same mold, longing for the unattainable in love. The girls whom they can get, they want they are often unable to get. It is always the peach which swings clear of our reach which seems so temptingly delicious. The girl whom a young man's chum is paying attention to and introduces him to is just the kind of a girl that his ideal is. Men usually are philosophical. They are too honorable and loyal to their friends to attempt to step in between them and their sweethearts.

They sigh the next best ten years of their lives over the unattainable, picturing what might have been had their love been given a free rein to go forth and win. It is one thing to admire a girl from a distance and have beautiful day dreams of her. It is quite another to know her well and to court her—aye, and to wed her. Fate is kind to many a man in not giving him his heart's desire, although at the time he cannot reason it out in this way.

The majority of women grow sweeter, kinder, more sympathetic and more capable of being true heart mates as they grow older. But we find, here and there, some who prove exceptions to the general rule. The sweet girl of today may be the grumbling, dissatisfied woman of two decades hence and not worth the passing by of the many true hearted girls who crossed his path unheeded because of the haunting memories of the girl whom he could not get.

It isn't half bad reasoning to conclude that if there is a particular one whom we long for and who seems out of our reach, that one is not intended for us. One should search until the right person is found.

With the year comes changes of heart. The man whom a youth would die for at one and twenty he might thank the Lord he didn't get at 30. This view of the case might be intensified as time wore on with him. Cupid is ever chivalrous. He does not like to say "no" when a lover importunes him for a certain heart. He holds his decision in reserve, at the same time setting so many obstructions in love's path that even the most intrepid lover cannot surmount them. This is Cupid's way of expressing that this would-be romance is not sanctioned by his approval. No man can attain the impossible; therefore, wise is the man who, when confronted with this condition, realizes that it is best and wisest to forget. After a few months of poignant longing, the girl slowly but surely subsides. There is always another nice girl in the background waiting for him, who is sure to thank Cupid with all her heart for putting many barriers in the way that he could not get the other girl. Our destined one many odd turns and twists. If we could map them out and persistently attain realization of our schemes we might have much more to grieve about. It's best to follow blindly the dictates of a higher power than ours.

## SMILED AT HIM.

"Dear Miss Libbey: I am 24 and have not lived in this country long. I was born in Sweden and I work as an electrical draftsman, and I think I could support a wife. I understand the English language pretty well, but when I speak the fellows laugh at me. Now, there is a girl I like that works in the same building and she smiles at me when our eyes meet. I think we would both be glad to know each other. Now, the question is: Should I wait until I can talk better before becoming acquainted? Also do you think she would like a mustache?"

You better beware of a girl who smiles at you without an introduction! If you want to make her acquaintance, have some common friend introduce you. Your foreign accent should not prove a detriment. It is difficult to say whether or not she would object to the mustache.

"Dear Miss Libbey: I am a young girl and am deeply in love with a boy of 19. We are too young to be engaged, but I think enough of each other to be. We have known each other since we were children. He calls three nights a week, and several times in our conversation he has spoken of the time when we will be as one. I often during the evening he has told me that he loves me, and when he leaves he insists on kissing me.

"I just think the world of this fellow and wouldn't go with any other boy for anything. He does not go with other girls and has said that he never will. Do you think that it is a real harm for a girl to kiss a boy when there is love between them? A girl can't show her friend that she hates to see him go home and that she cares for him without a kiss, to my notion. I don't believe in giving every boy you go with a kiss, but when there is true love, everybody thinks it is to be a 'match,' and you feel sure you will soon be engaged. What harm is there in a 'good night' hug and kiss?"

"I do not approve of kissing between couples that are not engaged. It is a great mistake for any girl. Men tire so readily of the things that are easily obtainable that the girl who allows promiscuous kissing usually comes out a loser.

"Dear Miss Libbey: I am keeping company with a young man of 21 whom I am much in love with. I

have been married and have a baby boy, three years old, and have not been living with my husband for two years. I am 21 also. We have been keeping company for some time. He seems to love me much and says he would do anything in the world for me. He also seems to be fond of my baby. Everybody says I should have my desire to pay for my divorce for me. And as I must work out, I am anxious to have a home.

I never give advice in regard to divorce or remarriage of divorced people. This is a question that the individuals must work out for themselves.

## THREATENED HER LIFE.

"Dear Miss Libbey: You have assisted a great many others in their troubles and I know you will help me. I was married in 1904. I married a young man whom I thought would make a loving and kind husband. A year or two after our marriage he became so cruel to me he would abuse me to such an extent as to threaten my life, and of course I could no longer live with him. Why should I live with him? I don't account for it. I always tried to be a kind and affectionate wife, but he would keep me in tears for a week at a time. He kept this up until last July, when I was obliged to leave him, which was about a year ago. I am a dressmaker, and ways made my own money, and bought all necessities for the house. The neighbors all told him he couldn't make a living if he wasn't for me. God only knows I have had lots of trouble. I am now living in a small town with my mother and father and sisters. I am now 25 years old. My sister is 23 and is single. She is so jealous of me. She makes things as unpleasant for me as possible. I don't treat me right, but my sister is so headstrong she has her way. Both me and my mother let her have her way and say nothing. I have thought to myself many times 'Silence is golden.' She snags me off when I am feeling all right and puts me way down below herself. I don't say a word. I just sneak back like a whipped pup. I can't enjoy myself in her presence. My heart is in my throat if I should try to speak. And such a horrid feeling. I do wish she wouldn't act so indifferent toward me, but alas! nothing will change her. I wouldn't say anything to cause a quarrel for anything, although there are not many that could keep quiet under the circumstances. But I am feeling still and if she will act that way towards me I will just wait for a change. I am too nervous to quarrel and 'hold my own.' But I don't think it best to quarrel with her, do you? I don't see why she couldn't love me as a sister should. Now my health has been fairly good until the last month or two, when I got my foot wrenched between some boards, throwing me down, spraining my foot badly and hurting me inwardly. A doctor was called and said I was obliged to undergo an operation. I was taken to the hospital and operated on and got along fine. Am feeling fine now. The doctor says my health will be better than ever before. I thought since I had been so near death maybe my sister would respect me more and be kind toward me, but I have now been at home five weeks and she hasn't spoken a

# Kahn Bros FROM THE SAN JOSE "MERCURY," MARCH 14, 1913

I. Loeb and G. Loeb, Who Yesterday Sold the City of San Jose's \$75,000 Stock.

Oldest Dry Goods Store in San Jose Passes Into History With Close of Day's Business and Proprietors Will Retire From Active Business Life.

**A**FTER 40 years of continuous success the City of San Jose, one of the best-known dry goods stores in this part of the state, is to go out of business. This announcement was made by I. and G. Loeb yesterday following the sale of the entire stock of the store to Kahn Bros of Oakland, the biggest department store in that city.

The sale was consummated yesterday and at 6 o'clock last night the store closed its doors for good. Packing began immediately and the stock will be shipped as soon as possible to Oakland where it will be sold by the purchasers. The City of San Jose was established in 1874 by I. Loeb and became one of the principal shopping centers of the city. G. Loeb joined his brother in the venture.

Although the exact financial figure in the transaction was not made known the transfer of the big stock involved a sum between \$65,000 and

\$75,000 and marks one of the largest business changes in the history of the city. The passing of the City of San Jose marks an epoch in the business history of the city and is an event which will attract wide attention.

The store has been noted for many years for the quality of its merchandising and has catered always to the best trade, carrying the finest line of goods. It was the oldest dry goods store in this city, Mr. Loeb stated.

## Will Make Homes Here.

Mr. Loeb stated that the members of the firm are to retire from active business life after 40 years. The desire for a rest, he said, is their only reason for abandoning the dry goods field in which they have been leaders as well as pioneers here. They expect to make their homes in this city indefinitely.

# SCIENTISTS WILL STUDY BIRD FLIGHT

Hunters and Savants to Spend Six Months in the Arctic.

**SEATTLE, April 4.**—The little power schooner Polar Bear, Captain Louis Lane, sailed for Behring sea yesterday with a party of scientists who will make an exhaustive study of animal and bird life in northern waters. In the party are Dunbar Lockwood, a big game hunter of Boston; Samuel Mixer of Boston, representing the Smithsonian Institution; W. Sprague Brooks of Milton, Mass., representing the Museum of Comparative Zoology at Harvard; and Joseph Dixon of Berkeley, Cal., representing the Museum of Comparative Zoology at the University of California. The cruise will last six months. The Polar Bear will go from Seattle to Kotchikan, calling at ports in the peninsular country, to Dutch har-

bor, Bogoslov Islands, through the Aleutian chain to Attu and Rat Islands, then make a dash for the Siberian coast, touching at Kommandarski Islands, Petropaulovsk, along the Kamchatka coast to Anadir bay and on to Nome after an effort to reach Wrangell Island.

At Nome the little vessel will take aboard John Heard Jr., Eben S. Draper and George S. Silsbee of Boston for an exploration and big game hunting trip. On the return voyage the vessel will touch at Nome, the Pribylov Islands and Walrus Island.

## SLAYER KILLS SELF.

**GREAT FALLS, Mont., April 4.**—The hunt for Thomas Roberts, slayer of Peter Wood, a shepherd, was terminated yesterday by the finding of the body of Roberts near Cascade with the top of his head blown off. Roberts killed himself with the gun with which he killed Wood.

# HEAVY DAMAGES ASKED IN SUIT OF CARPENTER

**WOODLAND, April 4.**—W. A. Blanchard, a carpenter, asks \$10,150 damages against the Diamond Match Company, a corporation, in a complaint filed here. Blanchard alleges that July 18, 1912, he fell off a platform of the Diamond Match Lumber Company's building. He claims that his fall was the result of dead and rotten lumber furnished and says his spine and hips were bruised, the five bones at the base of the spine broken and their removal made necessary, making his injury permanent.

# VETERAN COAST MARINER PASSES AWAY IN OREGON

**GOLD BEACH, Or., April 4.**—Captain James Caughell, treasurer of Curry county and one of the oldest and best-known coasting captains of the Pacific coast, died at his home here yesterday. He came to the Pacific coast in 1858 and was captain of the vessel that brought the first railroad iron into Los Angeles county. He engaged in the coast shipping business, made several successful whaling trips in northern waters, and gained the distinction of being one of the best bar captains on the coast. Caughell was married at Gold Beach about 35 years ago to Fannie Gauntlett, whom he survived about five months. He left a large family of grown children.

## Cottolene

is far better than lard because it is a vegetable product, never makes food greasy, never causes indigestion. It is the equal of butter at about one-third the price. So why be extravagant?

Feed the "kiddies" their fill of pastry—if made from Cottolene it won't harm them.

Cottolene is both economical and healthful.

### TRY THIS RECIPE:

**Doughnuts**  
3 tablespoons Cottolene 3/4 cup sugar  
3 egg yolks 1/4 cup milk  
2 1/2 cups flour 1 cup freshly mashed potatoes  
1/2 teaspoon salt 3 teaspoons baking powder  
1/2 teaspoon ground nutmeg 1/4 teaspoon ground nutmeg  
Cream the Cottolene, add sugar, then the eggs, stir in potato and milk, add flour gradually, use more if necessary. Roll out doughnuts needed before frying. Fry in deep Cottolene.

### CURES RHEUMATISM

Quickly Eases Stiff, Sore and Swollen Joints and Muscles; Drives Rheumatic Pains Away.

It is needless to suffer any longer with rheumatism, and be all crippled up and bent out of shape with its heart-wrenching pains, when you can easily avoid it.

Rheumatism comes from weak, inactive kidneys, that fail to filter from the blood the poisonous waste matter and uric acid; and it is useless to rub on liniments or take ordinary remedies to relieve the pain. This only prolongs the misery and can't possibly cure you.

The only way to cure rheumatism is to remove the cause. The new discovery, Croxone, does this because it neutralizes and dissolves the poisonous substances and uric acid that lodge in the joints and muscles, to soothe and irritate and cause rheumatism, and cleans out and strengthens the stopped-up, inactive kidneys, so they can filter the poison from the blood and drive it out of the system. Croxone is the most wonderful medicine ever made for curing chronic rheumatism, kidney troubles and bladder disorders. You will find it different from all other remedies. There is nothing else on earth like it. It makes you feel better and stronger, and how long you have suffered, it is practically impossible to take it into the human system without results. You will find relief from the first few doses, and you will be surprised how quickly all your misery and suffering will end.

An original package of Croxone costs but a trifle at any first-class drug store. All druggists are authorized to sell it on a positive money-back guarantee. Three doses a day for a few days is often all that is needed to cure the worst headache or over-come urinary disorders.

## NURSERY WORLD TO BE SHOWN IN CHURCH PARLORS

MARGARET GUILBAULT.  
—Hurtsook photo.

Babies of all sizes ranging in ages from one week to three years, competed for honors at the annual baby show which was held this afternoon under the direction of Courtesy Circle, King's Daughters, in the parlors of the First Baptist Church, Twenty-first street and Telegraph avenue. There were many twins in the company of cooing babies, who were much admired. About twenty boys and girls dressed in swaddling clothes endeavored to make themselves understood by their loud cries, which gave a touch of human interest to the show, which was a success.

"Mother Goose," the famous nursery attraction, will be given this evening with Miss Lorraine Watson as Mother Goose, Little Margaret Guilbault and Lucille Smith will give a sketch entitled, "The Spider and the Fly."

A penny arcade will be among the entertaining features of the program, which will be in charge of Mrs. George Bordwell, Mrs. Maud and Miss Moyle. Miss Taylor and Miss Ruth Edson will be in charge of "Ding-dong-bell well," while the "Old Woman in the Shoe" will be impersonated by Mrs. Erbe. "The Burial of Cock Robin," "The Owl and the Pussy Cat," "Simple Simon," pantomimes and skits will be among the features.

Among those who will take part are: Mrs. Bourdon, Milton Fairbanks, Mrs. George Bordwell, Mrs. Olive Peterson, Mrs. Malborough, Mrs. William Morrison, Mrs. L. F. Cockcroft, Robert and Rachel Gaylord, Prudence Cushman, Dorothy and Lillian and Roberta Wells, Dorothy Beach, Edith Fair, Miss Olga, Miss May Gilmore, Mrs. Olive R. Cushman, Edward Parker, Philip Hall, Paul Brinestead, Charles Marvin, Stedman Todd, J. Johnson, Mrs. Lillian S. Slemmons. Mrs. A. E. Hall is general chairman of the affair.

### FUNERAL OF LATE GEO. T. NICOLSON HELD

LAWRENCE, Kas., April 4. — A score of widely known railroad men of the middle west attend the funeral here today of Geo. T. ## ECZEMA WOULD ITCH AND BURN

Came Out in Watery Pimples. Would Have to Walk Floor. Could Not Put Hands in Water. Cuticura Soap and Ointment Cured.

Box 7, Cowan, Minn. — "My eczema came out in watery pimples, a kind of a rash, and looked like watery pimples. I was so itchy I scratched it. And then Oh! how it would itch and burn! My hands were so bad that I would not do anything about the house. I could not wash my face or comb my hair at times. It was on the inside of my hands and feet. My hands began to swell. I was unable to wear my shoes for three months. I tried different kinds of remedies but they did no good. By using Cuticura Soap and Ointment I was cured in four months and have not had a recurrence since."

(Signed) Miss Ada Erickson, May 1912.

Why not have a clear skin, soft white hands, a clean scalp and good hair? It is your birthright. Cuticura Soap has an occasional use of Cuticura Ointment will bring about these coveted conditions in most cases when all else fails. ## TAXPAYERS' COLUMN

All Communications to the Editor of THE TRIBUNE must bear the signature and address of the writer.

EDITOR TRIBUNE: In regard to the picture on exhibition at Hotel Oakland of Roosevelt and his Rough Riders I quote the following from the Metropolitan Magazine of January, 1911, viz: "The Roosevelt Rough Riders are universally supposed to have led the charge up San Juan Hill with Roosevelt on an eager horse ahead. 'Our Hopeful' (T. R.) has allowed this impression to gain credence, and pictures of the charge by Remington and Vereschagin have come to be regarded as authentic. As a matter of fact, Col. Roosevelt went on foot and the Rough Riders were not among those present at the taking of San Juan Hill. As he himself states in his 'Rough Riders,' 'We had a splendid view of the charge on San Juan block house to our left and a third of a mile to the front, where the infantry of Kent, led by Hawkins were climbing the hill.'"

Again quoting from the Metropolitan Magazine of July, 1911: "Theodore Roosevelt has posed for two portraits which were in the nature of allegories—him as a warrior fighting for his country. They were works of art as paintings, but at least one of the artists never could forgive himself for having signed his particular canvas, because it was a lie—it was historically incorrect—it was 'faked' to please President Roosevelt. The late Frederick Remington went to his grave apologizing because he had painted a picture of the charge on San Juan Hill which was in the essential point quite untrue—the representation of Col. Roosevelt mounted on a charger leading his troops up the hill. Historically, it was correct except that Col. Roosevelt was not on a horse and he did not go up San Juan Hill, and it was only 'influence' that made Frederick Remington assist in the imposture."

I think of no remark more fitting than what P. T. Barnum said years ago: "The American people love to be fooled." Yours for the truth, J. F. MONTGOMERY, Alameda, Cal.

## DOWNTOWN CLUB HOLDS MEETING

Transacts Business Relating to Lighting and Transportation Improvements.

A street lighting committee consisting of Messrs. H. A. Borchert, George W. Fitch, Kenneth F. Willis, Ray S. Kitchen, Tim Doran, Charles R. Smith and Lewis A. Sunol, were appointed by President Louis Aber at the meeting of the Downtown Club Improvement Club, last evening. This committee will study the most modern means, and most effective forms of street lighting in the larger cities with a view of having same adopted in the business section of Oakland.

The committee appointed to attend a meeting of the Inter-state Motor Car Association in San Francisco on Tuesday, to protest against an increase of fare on the Oakland Harbor route, more familiarly known as the Creek route, reported that the commission took the matter of a rate hearing under advisement and in the meantime the officials of the road will count each foot passenger and every vehicle of every kind, crossing the harbor on this line, beginning next Monday, for a week and then after a lapse of a week count for another week. This is to ascertain to what extent the route is patronized by other than automobile passengers. This committee also want a report of the ferry to protect passengers against inclement weather and also a light over the landing. A new-comers' committee will be appointed within a few days to get acquainted with all new residents in the district bounded by Twelfth and the Estuary and Market and Lake Merritt and make them acquainted with their neighbors and assist in satisfactorily locating the new-comer in Oakland. The committee to the Alameda County League consisting of Messrs. D. Knabbe, E. C. Keyser and Aug. L. Gerhard will appoint assistants and aid in disposing of the dollar certificates to raise a fifty thousand dollar fund for the Tax Association.

## MOOSE WILL HOLD LARGE INITIATION

Membership to Be Increased by 54 After Tonight's Affair.

The last initiation, under the present administration of Oakland Lodge No. 324, Loyal Order of Moose, will be held this evening at Moose Hall, Twelfth and Clay streets. The officers now serving will retire Friday, April 11, when the new officers will be installed. The membership of the lodge will be increased by 54 after tonight's initiation, this number of candidates having satisfied the requirements of the membership committee. The present membership of the lodge is approximately 3000. Croxone is the most wonderful medicine ever made for curing chronic rheumatism, kidney troubles and bladder disorders. You will find it different from all other remedies. There is nothing else on earth like it. It makes you feel better and stronger, and how long you have suffered, it is practically impossible to take it into the human system without results. ## INTER-STATE IS LATEST ARRIVAL

New Models Represented Here by New Company Just Started.

(By EDMUND CRINNION.) Today we have another motor car agency in Oakland's automobile colony. The new comer is the Interstate Motors Company, headed by W. B. Grant, a well known Oakland man who has been identified with the motor business for some years. Associated with Grant is M. K. Miller.

The new concern which has leased the premises adjoining the Haines and Olson Firestone House in Twelfth street, will handle the famous Interstate line, a product of Muncie, Ind. The company has already received the demonstrations of the new model Interstate cars and expects to have cars from the San Francisco house today.

### NORTHWEST AUTO NEWS.

Charles S. Howard, head of the Howard Automobile Company, has returned from his trip to the northwest. In speaking of trade conditions there, says: "Proportionately the northwest will sell as many motor cars as the rest of the coast states. Portland and Seattle show signs of a very big selling season. Already the northwest has sold 25 per cent more motor cars than the whole of last season and the real selling season in that section does not begin until April 1."

The Portland branch has moved into much larger quarters, the change being forced on account of the big demand for Buick cars. The same condition exists in Seattle, with the Buick Auto Company, the agents there. Within two weeks, they will move into a building three times as large as they now occupy.

"The National car is receiving most favorable consideration, the sales having greatly increased this year."

There will be three National cars in the big Tacoma race, entered by private owner. The race itself will be just as long as in previous years but the laps will be shorter. The bad turns are being eliminated and besides they are now being braked to do away with the danger of accidents.

**MINER IS TRAVELING.** Frank G. Miner, Pacific coast manager of the Kelly-Springfield Motor Truck Company, has left on an overland tour in a 1 1/2-ton Kelly truck, to visit the different agencies in the San Joaquin valley. He will travel as far south as Bakersfield.

Before leaving Miner reported the sale of two three-ton wheel base Kelly trucks to the Yosemite Utility Company, on which will be built sightseeing bodies for the route between El Portal and the Big Trees.

The Rainier Bottling Company of Los Angeles has also ordered two 1 1/2-ton Kelly trucks. **ALAMEDA COUNTY REGISTRATIONS.** 9958—F. J. ## INTER-SCHOLASTIC DEBATING TEAMS SELECTED

At the annual interscholastic debate between the Oakland High school and the Berkeley High school to be held in Berkeley May 17, Harold Blot, who is one of the versatile orators of the Oakland High school, will represent Oakland High as captain of the team. The members of the squad who successfully qualified at the last tryouts are Harold Aydelotte, Robert Stoops and Edwin Meese, alternate.

Young Blot has won distinction as a debater and was a member of the debating team which defeated Berkeley High school last year. Harold Aydelotte, who is one of the pioneer workers in the Senate Debating Society, enjoyed the honor of presenting an argument for the Capwell cup last November.

Robert Stoops is familiar with all phases of the forensic art, but has not been an active member of the Senate Debating Society. Edwin Meese completed for the H. C. Capwell cup in the Forensic Club, for saving the late passenger train from crashing into a landslide at New Hartford.

In addition to the team to represent the Berkeley High school against Berkeley High, a second team was chosen by the faculty members who acted as judges. This team consists of the alternates. The first team as captain, Harry Schary, and Edwin Leonard.

The purpose of this second team is to assist the first in the preparation for the Berkeley debate. It is planned to hold one or two debates in which the second team will uphold Berkeley's side of the question.

## LADS SAVE TRAIN FROM RUN INTO LANDSLIDE

WINSTED, Conn., April 4.—Charles Healey, 10 years old, and Andrew Parker, 12 years old, newboys of New Hartford, are entitled to a big reward, in the opinion of trainmen of the Central New England Railway, for saving the late passenger train from crashing into a landslide at New Hartford.

The heavy rains caused a top of rock and earth on Gates hillside to slide, and the avalanche completely covered the tracks, which are thirty feet above the level of the sea. The landslide blocked the boys ran to the trackmen's shanty, where men were just quitting work for the day, and gave the alarm. A first section man started the Winsted-bound train. Men toiled nearly five hours clearing the track. Passengers were brought to Winsted on a special train.

## OAKLAND 'HIGH' GRADS CONDUCT SURVEY PARTY

CARLISLE PIERCE.  
—Webster photo.

An interesting surveying expedition is being conducted in Nevada by Carlisle Pierce and Alfred Owens, former students in the Oakland High school, who were favorites with the boys and girls.

Several graduates of the Oakland High school are studying surveying in the University of California. Many have entered the college of law and are making brilliant records.

In student activities of the state university, Carlisle Pierce and Alfred Owens are assisting in editing the Daily Californian, the official paper of the University of California. Deborah Dyer and Zoe Harris are on the staff of the women's day edition of the Daily Californian.

## INITIATE STUDENTS INTO DEBATING SOCIETY

Many clever students of the Oakland High school were initiated into the Eclectic debating society today in one of the classrooms, where Colla Waterman, president of the organization, conducted the exercises. Distinctly original was the program, which consisted of a variety of acts presented by the girls. It was an exclusive affair, as the boys were not admitted. The Eclectic is becoming the most powerful debating society in the Oakland High School and is considered one of the brightest pupils in that institution.

## OAKLAND HIGH ASKS BOARD FOR NEW GROUNDS

In a forceful editorial which appeared in the current issue of the Bulletin of the Oakland school, an appeal has been made for a new high school building and site. The article follows:

"Again the necessity of a new site and building for the Oakland High School has impressed itself upon the minds of several prominent citizens of this city, who, with the newspapers, are taking up the fight and are making urgent appeals for the state."

"One of the most important reasons is the gross inadequacy of the grounds at the present time. Spacious grounds, near to the school proper, and large enough for athletes to train on, are a cardinal necessity for winning teams. The location of training grounds for the various teams are far distant from the school. Such conditions as these are certainly not fitting a school with approximately a thousand students enrolled."

"In order to have winning teams this school must have ground near the school itself where all the various teams may practice and train properly."

"Let us hope that more of our loyal citizens will take up our cause and, above all, let us see to it that we do our share toward gaining this end—the acquisition of new grounds and a modern building for the Oakland High School."

## FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as a new prescription, ointment—double strength—has been discovered that is guaranteed to remove these homely spots. Simply get an ounce of ointment—double strength—from Osmond Bros. and apply a little of it at night and morning, and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion. This is the only double strength ointment as this is sold and guaranteed of money back if it fails to remove freckles.

## For Baccus and Good Streets.

Oakland's street department was never so well handled as it has been under the direction of William J. Baccus. The work of improving, repairing and cleaning the streets has been systematized and directed with skill, zeal and energy during the past two years. Increased efficiency on the part of the employees of the department on the one hand and better streets on the other are the visible results of Mr. Baccus' administration.

Mr. Baccus is a mechanic himself and has had a somewhat varied experience as a contractor; he knows good work when he sees it, and insisted on good work being done for the city. He quickly put an end to the slipshod methods tolerated by the department before he took charge. The first thing he did was to bring the paving specifications up to a high standard of efficiency; the next was to have the work done in strict accordance with the specifications. Yet he did this with a minimum of friction—which was because he understood the work it was his duty to perform, and he understood men. He had not worked as a journeyman and bossed jobs on his own account for nothing.

He accomplished results because he pursued common sense business methods—because he knew his business, was on the square and was fair to everybody. He convinced employers and contractors that they would get a square deal, then it was easy to convince them that the city must be given a square deal. Good pay and good work are cardinal and co-ordinate articles in his creed.

That is why Billy Baccus has made good, why it is universally recognized that he is the best head of the street department Oakland ever had. This means a great deal to the taxpayers, for a street poorly paved in the first instance calls for heavy future expense for repairs and maintenance. It has been Mr. Baccus' policy to lay paving of the most durable quality and reduce the cost of maintenance to a minimum. Keeping down the cost of repairs leaves more money for general improvements. Mr. Baccus has been equally effective as a member of the administrative and legislative council. His long experience as a councilman under the old charter made him intimately acquainted with every department of the municipal government. He has been a consistent advocate of public improvements and the friend of every practical scheme of development. He has rendered the city valuable service in every capacity he has served, and is today more capable and efficient than at any time before.

He deserves the endorsement of the voters, and this he will undoubtedly receive. He is a candidate to succeed himself, and it is to the best interests of the city that he be re-elected. He has earned re-election by the record he has made in office. It is a record that should commend itself to every taxpayer, every citizen who has the good of the city at heart and desires the municipal government conducted honestly and efficiently.

Only a narrow and primitive understanding could conceive that playing bridge whist at women's society functions, for the petty prizes offered, is gambling or is in any way immoral or vicious. But the ignorant, intolerant rural reformer has no convictions, only prejudices; no knowledge, only a crude imagination. His sole idea of reform is to restrict somebody's liberty or deprive somebody of a pleasure or an amusement. Lord Macaulay described the English Puritans of Cromwell's time as being opposed to bear-baiting, not because it was cruel to the bear, but because it gave pleasure to the spectators. That description fits Assemblyman Guill to a nicety.

At least this Legislature is impartial. If there is an interest in the State it has failed to attack we are unable to recall it. The legislators have gone down the line with the hammer. They have gone on the principle that all business is predatory and should be penalized.

## The Auto in California.

The registered number of automobiles in California has passed the 100,000 mark. For several years it has held the second place in the rank of States for the number of these now indispensable road machines. New York is the only State that has kept ahead of it. However, although New York has a population several times that of California, the registration of automobiles in service there is only 21,000 in excess of the record in this State.

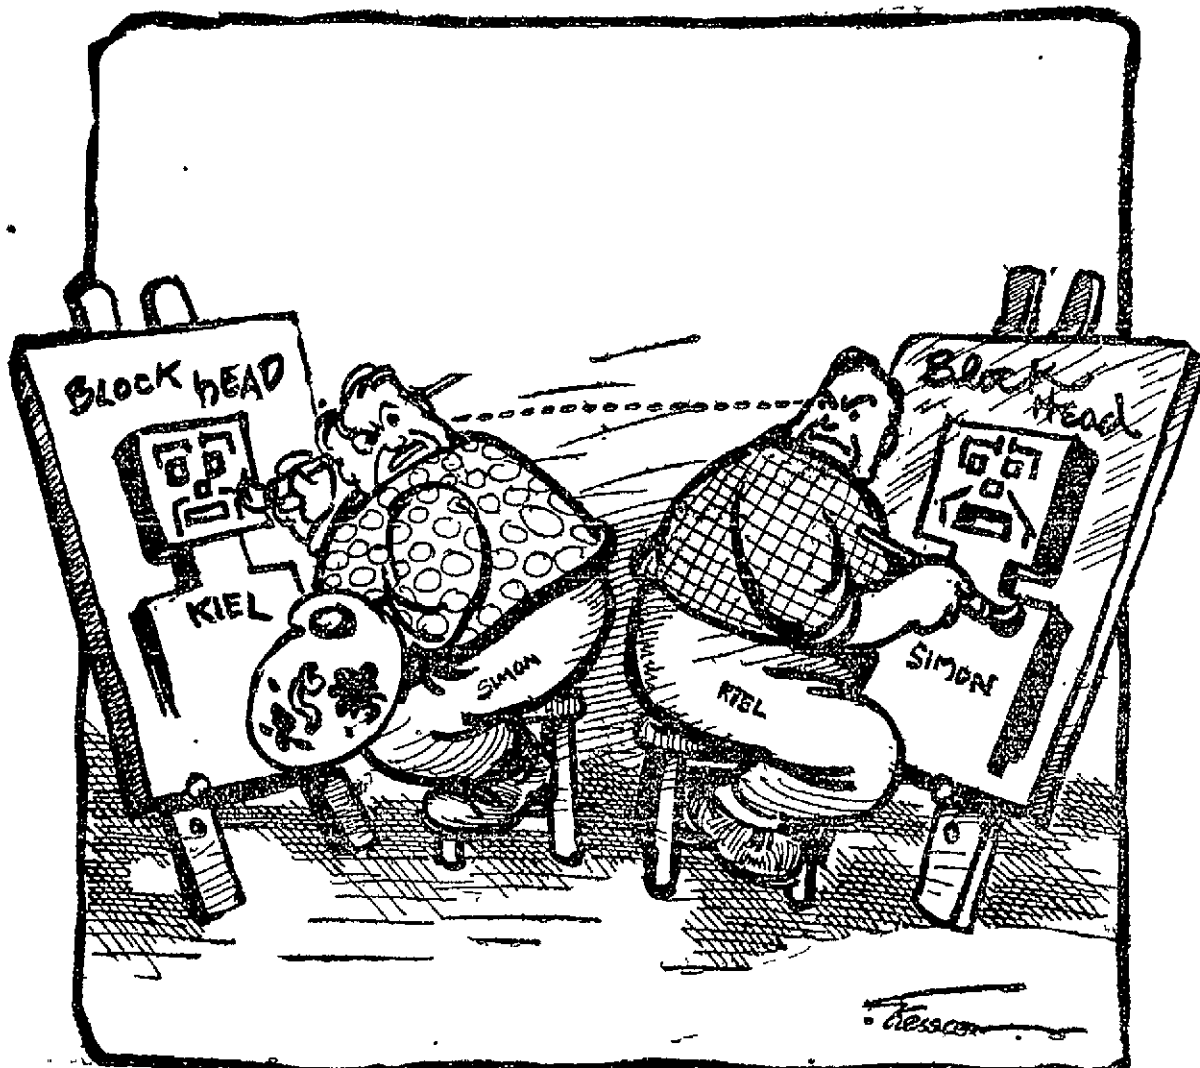

Taking into consideration the difference in population between the two States, the proportion of auto owners in California is much greater than in New York. This State may, therefore, reasonably claim to be the most highly favored section in the country for the use of the horseless carriage.

Of course, it is not difficult to find the reasons why the auto is so popular in this State. The climate favors its use at all seasons of the year. There are but few sections of the State where an auto cannot be used at any time of the year, and these are located only in the more elevated districts on the flanks of the Sierra, where snow finds a lodgment on the ground during the winter months. Then, again, good roads have been developed in almost every part of the State within the past ten years, which practically covers the time since the auto was first introduced into California, and road improvement has been made a specialty in nearly every county to accommodate the wants of the machine.

But the greater number of auto owners in this State in proportion to population as compared with other States is doubtless due to the fact that the proportion of the population here in such comfortable circumstances as to enable them to afford the luxury of auto ownership is greater than elsewhere.

A registration of one hundred thousand automobiles shows that that number of horseless vehicles have been actually sold by dealers in California since they were introduced about ten years ago. If we assume that these road machines represent an average cost to the buyers of \$1000 each, then at least \$100,000,000 has been actually invested in them in this State, or an average of \$10,000,000 a year. In all probability this estimate is much too low, but it serves the purpose of indicating the enormous amount of capital Californians have diverted into a road vehicle which is popularly regarded as a luxury rather than a necessity. Of course the auto entered California as a luxury; but it has grown to be an every-day necessity in every branch of human activities here. In fact, the auto is, in some respects, as necessary in these days as the telephone is for both social and business purposes, and it is not possible now to dispense with either. California continues, therefore, to be the best auto market for manufacturers in the country.

## Claremont Hotel License Should Be Granted

The arguments made by the Oakland delegation of representative citizens before the joint meeting of the Senate and Assembly committees on public morals at Sacramento Wednesday in favor of amending the statute prohibiting the sale of liquor within a radius of one mile from the State University to enable the new Claremont Hotel to take out a permit to serve wines and liquors to its guests, ought to be convincing to every fair and broad-minded legislator. The site occupied by the hotel was selected because it was an ideal location for the accommodation of tourists; the structure was planned and built for that purpose to supply a pressing want not only in Oakland, but also in other bay cities, as there is not a tourist hotel north of Del Monte. A round million dollars has been invested in the enterprise and it will need the further investment of \$500,000 more before its doors can be opened to receive guests.

It develops, however, that by a technical construction of the statute prohibiting the sale of wines or liquors within one mile of the State University, the hotel site lies 175 feet within the prescribed area. Everybody knows that no tourist hotel can be successfully conducted, however attractive it may be, if guests who desire wines or liquors at their meals cannot be served with them. The Ferguson bill, which is pending before the Legislature, modifies the mile limit statute so that the hotel will be relieved of the proscription now hanging over it.

Mayor Mott stated the case forcibly. While the enterprise is a private investment, the pride of the city of Oakland is involved in its success, and in the \$1,500,000 investment of legitimate capital which it represents.

It was clearly brought out that all tourist hotels in the State—even those located in "dry" cities and towns like Pasadena—are privileged to serve their guests with wines and liquors, and that to deny the Claremont Hotel an equal privilege would give Oakland a black eye at home and abroad. The morals of the Southern California communities in which the big tourist hotels are located are, in no sense, affected by the service of wines to the hotel guests. It is to the interest of the hotel-keepers that nothing demoralizing through the use or service of liquor on the premises should occur, for that would be damaging to their business. Even the prohibitionists of the dry southern communities are broad-minded enough to realize that no tourist hotel can be conducted without the service of wines and liquors at meals and that no damage can be done to the morals of the community through the tolerance of the privilege. They are in the business of encouraging tourists to visit and sojourn in their section of the State and they are wise enough to recognize that they must cater to the tastes of this class of patrons. The morals of the student body of the University cannot be in the slightest degree affected by the privilege asked by the hotel, nor can the morals of those having their homes adjacent to the hotel grounds, for the permit desired does not include a license to sell liquor over an open bar.

There ought to be no difficulty in finding a way whereby a permit may be granted without making it possible to affect the present restrictions placed against saloons and public bars, and the Legislature should amend the statute accordingly.

## Tweedledee and Tweedledum.

Governor Foss is preparing to revolt against the Democratic tariff program. He says the Massachusetts idea of tariff reform is a revision in the direction of reciprocity. The Massachusetts idea is neither altruistic nor modest. The term reciprocity has a peculiar meaning in the latitude of Boston. Massachusetts wants food, fuel and raw materials admitted free but a heavy duty levied on manufactured products.

Her scheme of reciprocity, stated in a nutshell, is the admission duty-free of grain, meats, dairy products, poultry, timber, eggs, coal, etc., from Canada on condition that Canada will admit duty-free boots and shoes, worsteds, cotton goods, machinery, etc., manufactured in Massachusetts.

God bless me and my wife,  
My son John and his wife;  
Us four and no more.

There is no perceptible difference between the protectionist and the tariff reformer in the Bay State. Each desires to accomplish the same result, but they disagree as to method. It is every thing for New England and nothing for anybody else.

## Twenty Years Ago Today

Miss Carrie Nicholson and Miss Grace Dunphy, daughter of Captain Dunphy, completed a ten-months' trip to Liverpool on the American ship Willie Rosefield. James P. Merritt, one of the heirs of the late Dr. Samuel P. Merritt has filed his plea and answer to the bill of complaint of the president and trustees of Bowdoin College in the United States Circuit Court in the suit to recover \$400,000 left to that institution.

J. M. Zion of Berkeley a traveling salesman, was put off a train in Nevada by the conductor of a Central Pacific train, who claimed that Zion was riding on a "scalper's" ticket. Zion had a regular round-trip ticket and is preparing to institute a suit for damages against the railroad.

Car Driver Fred Atchinson of Alameda and his foot badly crushed when endeavoring to catch some lads who were jumping the cars.

The opening game between the Berkeley and Palo Alto baseball nines will take place at the Haight street grounds. The home team is being coached by Colonel Robinson of the Oakland nine.

Miss Emma Peterson of Berkeley fell from a ladder, and sustained severe injuries while decorating the Presbyterian Church.

## THE DETACHABLE CUFF

Despite the fact that heretofore many men with good salaries, and even employers have preferred the detachable cuff, for reasons of economy, fashion is compelling a change. They are gradually succumbing to its influence. The tyranny of the attached cuff is extending its empire.

The man who devised and put on the market the shirt with attached cuffs could scarcely be called a friend of humanity, although he might be the laundryman's friend. As soon as the cuff is soiled, which may easily be after a day's wear, the shirt must go to the laundry. As soon as the cuff is worn, which quickly happens from the frequent stretching and ironing, the shirt must be discarded.

On the other hand, the detachable cuff can be put either on or off in an emergency. With proper handling a pair of detachable and reversible cuffs will keep clean a whole week, although they may lose some of their stiffness. They are the poor man's friend. They enable him to maintain an appearance of neatness and even of style, at comparatively small cost.

If a man must wear cuffs at all—and they are probably necessary in this collar-and-cuffs civilization—let him be governed by common sense and not by the dictates of mere fashion.—Boston Globe

## Your Child's Health Your First Thought

If you have children, naturally your first thoughts are for their health. You certainly want them to develop strong, healthy constitutions. The most careful attention must be given when children show the first symptoms of the many common ailments. Perhaps they are weakly and thin, or grow too fast, thus sacrificing strength. These and other apparently minor ailments may be the forerunners to a weak constitution for life.

Such children need Jayne's Tonic Vermifuge, which is essentially a children's tonic. First of all, it will properly care for the child's stomach. It will also improve the appetite, and will add strength to the other organs of the body. In cases of thin or impure blood, it increases the number of red corpuscles, enabling the rich blood to keep the body healthy and strong.

Among the most common ailments that children develop is that of a disordered stomach, leading to an impaired digestion. In many cases this trouble is due to parasites in the intestinal tract. To correct such trouble, Jayne's Tonic Vermifuge is unsurpassed. For more than eighty years millions of children have been restored to health through the use of this tonic. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

## NUMBERING HOUSES

It was in the year 1511 that the idea of numbering of houses struck an architect. He decided to have numbers painted on houses in a certain quarter of Paris, but the idea took a long time to take root and it was not until 1783 that the system became general.

In Berlin about a decade later an eccentric method of numbering the houses was adopted. They numbered them, without any reference to the streets, thus a tenant's address would be described merely as "No. 1000 Berlin."

In St. Petersburg they have an excellent way of displaying the numbers of houses by little lanterns bearing the numbers on the glass a most useful notion after dark.

The numbering of houses in London, as above shown is of comparatively recent date and a backward glance into the history of the metropolis shows that the conveniences of the methods have been gained at the sacrifice of the picturesque.

In the later Stuart times, says Macaulay, the houses were not numbered, and there would indeed have been little advantage in numbering them for of the coachmen, chairmen, porters and errand boys of London a very small proportion could read. It was necessary to use marks, which the most ignorant could understand. The signs were therefore distinguished by painted or sculptured signs, which gave a very gay and grotesque aspect to the streets.

Similar measures were adopted for identification of private houses in Lincoln's Inn Fields, for example. It seems to have been used for the houses to be distinguished by ornamentation on the gate posts. We find for instance, a reference to the "Pincapples" at a house where the ornamentation consisted of this fruit cut in stone. At night time other directions were necessary, such as "over against the New Exchange in Bedford street at the Sign of the Peacock, where you shall see at night two candles burning within one of the Chambers before the balcony and a lantern with a candle in it upon the balcony."

These descriptions referred to houses in comparatively well defined spots, and the difficulty of locating the poorer residents was considerable as during the first part of the eighteenth century the names of many of the less important streets and places were continually changing to correspond with the change of ownership or of the signs that hung in the streets. An act was passed in 1752 to compel the residents to do away with hanging signs which had become a dangerous obstruction to the houses. The act, however, did not include the numbering of houses, which was secured three years later.

The first instance known of a London street in which the houses were numbered is Prescott street Goodman's Fields, but the practice did not spread far before the year 1784, when it received great impetus and it soon after became well established in London.—New York Sun

## STATE BUILDING AT FAIR MAY BE BUT DREAM

Governor Johnson Declares the Treasury Holds No Funds for Structure.

Plans of Exposition Board Are Punctured by Chief Executive.

SACRAMENTO, April 4.—Pleading the excuse of an empty treasury Governor Johnson notified representatives of the Panama Pacific Exposition and a committee of county supervisors who called upon him late yesterday that it would be impossible to make any appropriation for a California building at the world's fair in 1915.

Since the inception of the project at San Francisco it has been taken for

## Church Decorations Cause Drowsiness; Preacher Vindicated

CHICAGO, April 4.—After a patient investigation, the Rev. W. T. McElveen has reached the conclusion that the decorations of the First Congregational church at Evanston and not his sermons have been responsible for the drowsiness of his audiences.

For months he strove to ston the nodding of heads and then he sought the counsel of Miss Stella Skinner, art instructor at Northwestern University. She inspected the church and asserted:

"How can a person listen to an address when the decorations of the church are unharmonious. When the curtains are pink, the cushions red and the decorations are yellow and blue, the emotions of the audience are affected and they become drowsy. What is needed is a system of colors that will not have a depressing effect."

Letters were sent today to members of the church asking their opinion on a plan to redecorate the building.

granted that the state would have a mammoth building costing not less than \$1,000,000 in which to display the products and resources of the state and counties. The site of such a structure has been selected and tentative plans prepared by the exposition company.

Early in the present session of the Legislature Senator Thomas Flinn, of San Francisco introduced a bill to appropriate \$1,000,000 for use of the state exposition commission in erecting and furnishing the building. Yesterday Governor Johnson stated emphatically that the state could not afford to spend one dollar.

PROMINENT MEN PRESENT.

Present at the conference with the governor were Frank S. Brittain, attorney for the exposition company; Chester Rowell of Fresno, state commissioner and a committee of eight representing the supervisors of fifty-seven counties.

When asked if the state could afford half the amount named in the Flinn bill the governor replied again in the negative.

"The money will not be available. We cannot afford it," he replied.

UNABLE TO USE FUND.

A discussion as to the possibility of paying for the state building out of the \$5,000,000 exposition fund voted by the state ensued, but Commissioner Rowell declared it was practically impossible.

In the first place, he said, the exposition company already had made up its budget to include all of this amount, and in the second place, the state commission had obligated itself to pay one-third of all expenses of the exposition which would require the entire amount voted by the people.

Both the governor and Commissioner Rowell said the counties would have to join hands and put up a building themselves if they wanted one. To that the supervisors replied that many of the county boards had adopted resolutions against such a plan, and that a majority of them would not endorse it.

## ACTIVE FLEET IN BAY AND HARBOR

Craft of All Kinds Arriving, Departing and Shifting.

The contract for the overhauling of the steamer Valiente was awarded to the Pacific Shipyard and this morning the vessel was put on the ways for a general overhauling. A new pilot house will be built and the engine and framework of the vessel inspected and strengthened. The repairs will cost \$10,000.

Following the renewal of several plates for ward at the United Engineering Works the big steamer Portland shifted out from the inner harbor this morning to San Francisco to prepare for sea.

The Alaska Packers Association packer Star of Holland shifted its repairs at the United Engineering Works this morning and shifted across to the San Francisco side to provision for the north. The Star-of-Holland was shifted across the bay yesterday to also get ready for its annual run north.

The British steamer Christian Bors which arrived at this port recently from Guyana completed its repairs at the Hunter's Point shipyard this morning and was shifted across to a berth at Lemoine. The Bors has been chartered by J. J. Moore & Co. to carry lumber to Australia. It is loading at Lemoine.

The rate of charter is \$6.00 on this charter. The big freighter will probably get out Monday morning for the Rhodan & Jamieson Company turned turtle at Pittsburg last night. Several of the crew were aboard at the time but managed to escape without any loss of life. The captured craft was towed down today by the Oakland Launch and Tugboat Company to the Union Iron Works where it will be righted and put into commission again.

The Francis H. Leggett worked out from the inner harbor yesterday afternoon. A party of employees of the Owl Drug Company have chartered the pleasure launch Ceres for a tour about the bay. Sunday Captain J. Stenley will pilot the craft.

G. Martin is building a pleasure launch off the foot of Webster street on the Alameda side. The vessel will be operated by a 10-horsepower Inverness engine.

Reports from the north state that shipping about Fureka is being severely handicapped by the heavy weather. Delays of six and eight hours are being caused to the schedules of the lumber carriers connecting with this port.

STEEPLECHASE HANDICAP.

LIVERPOOL, April 4.—The Grand National Steeplechase handicap was won today by Sir Cashton-Smith's Concorde. Irish Mail was second and Carver third. Twenty-two horses ran. An American horse J. R. Fell's Highbridge fell early in the race while jumping a fence. About half the field followed suit. Only three finishers. The betting was 100 to 9 against Concorde, 100 to 9 against Carver, 25 to 1 against Irish Mail and 100 to 9 against Highbridge.

HURDLE.

The Grand National is a race for a prize of \$17,500 and a trophy valued at \$625. The distance is four miles.

## HUNDRED YEAR CLUBS

Believe Life May Be Prolonged

Men who are devoting their lives to the study of longevity believe that in days to come a man of ninety will live in his prime, and old age will begin long past a hundred years.

Scientists have proved that the simple life, temperate habits, exercise and an active mind are essential to a long and happy life.

When the blood gets thin and sluggish and creeps lazily through the veins and the arteries begin to harden there is nothing that will enrich the blood, improve the circulation and restore strength to every back as our delicious cod liver and iron tonic Vinol. Here is proof.

Mrs. Michael Bloom of Lewiston, Pa., at 83 years of age was so weak she had to be wheeled around in an invalid's chair—she writes that after taking a few bottles of Vinol she could take long walks and do her housework. That shows how Vinol strengthens old people.

Try Vinol on our guarantee that it will do you good or cost you nothing.

## FLEEING BURGLAR DISCARDS BOOTY

Forced by Victim, Robber Gets Out Hurriedly, Dropping His Loot in Flight.

SAN FRANCISCO, April 4.—A. Arata, a grocerman of 138 Green street, entered his home at a late hour last night and came face to face with a burglar who was going through some bureau drawers. The man had entered several rooms with a passkey and had gathered up quite a bundle. At sight of the householder he poked up his loot and, charging through the dining room, ran down the front stairs. Arata pursued and saw that the culprit was joined by a second man, who had evidently acted as lookout. The fugitive dropped his booty in his flight and the grocer gave up the chase.

# Good People of Oakland! Free Shoes for the Flood Sufferers

The Royal Shoe Company, at 1114 Washington street, in the Bacon building, suffered a considerable loss by the recent fire in that building, and have several thousand pairs of slightly damaged shoes. While these shoes are not suitable for the prosperous people of Oakland and vicinity, they would be a glorious boon for the thousands of homeless flood sufferers in Ohio and Indiana. However, it would be a great additional expense for us to send these shoes in one lot by express or parcels post, so we have decided to give each purchaser from our regular stock, which we are now selling at greatly reduced prices.

Reductions Ranging From 25% to 50% in Every Department

One pair of these slightly damaged shoes free, already wrapped and ready to send by parcel post or express to the Relief Association for the flood sufferers.

NOTE: To charitable institutions and individuals this generous offer will continue during the entire next week.

Newspapers Grow Hysterical Over Attitude of Little Montenegro.

The Balkan Nation Forced to Abandon Fort of Great Tarabosch.

VIENNA, April 4.—Little Montenegro's defiance of the powers is the subject of a series of hysterical outbursts in the newspapers here. There are indications, the Austrian editors believe, that some of the powers are not supporting the program agreed upon for the coercion of Montenegro. The finger of suspicion points particularly at Russia.

All the papers publish today an apparently inspired declaration announcing that Austria-Hungary expects to act independently against Montenegro in case the naval demonstration by the powers is insufficient.

It is said that during the attack on Scutari, the Montenegrin and Serbian besiegers lost 2000 killed and the same number wounded.

**SUFFER BAD CHECK.**  
LONDON, April 4.—A Cettine dispatch to the Times says:

"Great Tarabosch, according to some accounts received here, was taken by the Montenegrins only to be abandoned again. Thus the besiegers have suffered 400 casualties for nothing. The impression prevails that the Montenegrins have suffered a bad check if nothing worse."

**SHIPS TO SAIL.**  
ATHENS, April 4.—The British cruiser Yarmouth, the German cruiser Breslau, with Prince Henry of Prussia aboard, and the Italian cruiser Pisa, with the Count of Turin aboard, have sailed from Pigeas to take part in the demonstration off Antivari determined on by the powers following Montenegro's refusal to raise the siege of Scutari.

The doctors who have examined Aleko Schinas, the assassin of King George, announce that he is suffering from tuberculosis.

**LOSSES ARE HEAVY.**  
VIENNA, April 4.—The Montenegrin attack on Scutari, according to advices received here, has been postponed to the end of the week, owing, it is said, to heavy losses. The Montenegrins are busy burying their dead and attending the wounded. The delay also will enable the Serbians to bring up their siege guns.

**CHANGES MIND ABOUT DROWNING; DIES ANYWAY**  
LOS ANGELES, April 4.—Although she had apparently started to commit suicide by drowning and then changed her mind, death came anyway today to a woman who, clad in rich garments, but with only five cents in her pocket, was found unconscious on the sidewalk at Santa Monica late last night.

She was rushed to a hospital, where she regained consciousness, and just before death came made the statement that she was a Mrs. Brown of Santa Rosa, and declined to state whether she had attempted suicide. She would only say that she "had gone into the water, but had come out before I was drowned."

Widow Accuses Dr. Fournier of Mesmerizing and Vic-timizing Her.

Doctor, Arrested and Arraigned Denies Charges Made by Woman.

SAN FRANCISCO, April 4.—While Dr. Alfred Fournier, who was arrested in Oakland last night while he was about to board a train for Boston, was being arraigned in Police Judge Weller's court this morning, his victim, Mrs. Nina Holdsworth, widow of Captain Thomas Holdsworth, was repeating to Assistant District Attorney McNut her story of having been victimized, mesmerized and soothed to sleep by drugs which she claims the defendant administered to her.

Doctor Fournier himself protests his innocence of a charge of felonious embezzlement for the alleged misappropriation of diamonds to the value of \$2500, and \$7000 worth of property.

**"INNOCENT AS BABE."**  
"The charges are false and ridiculous," he said, as he sat in the box prior to his arraignment. "I am as innocent as a new-born babe. Mrs. Holdsworth liked me and forced gifts upon me. She was grateful for my standing by her when she was deserted by friends and relatives alike. The jewels are only worth \$150 and the property was a gift. Before I went to Nevada I fixed the whole thing up. I wouldn't have come back, would I, really intended to run away from anybody? My arrest was a complete surprise."

Mrs. Holdsworth, on the other hand, declares that a wand was waved before her and that the doctor made all sorts of hypnotic passes, and administered sleeping narcotics. She charges that it was while she was ill and at Long Sanitarium that Dr. Fournier first obtained influence over her. Later she decided him her home at 417 Lyon street and gave him the keys to her safe deposit box, where she kept her jewels. She charges that Dr. Fournier has no license to practice medicine in this state and this fact is admitted by the accused.

"I have no license here," he declared, "and I have not been practicing here. I have a wand, but I did not make passes. I threw it up and caught it several times."

Dr. Fournier looked like a man with a powerful eye. His pupils are large and on looking him in the face his orbs attract one immediately.

Assistant District Attorney McNut was authority for the statement that Dr. Fournier would be vigorously prosecuted and that a motion would be made to have him put in jail if there was any attempt to release the defendant. The latter is being defended by Attorney J. W. Young. He was caught at the Sixteenth street depot as he was boarding a Pullman car for Boston, and taken into custody by Detective Cracker. He was pointed out by H. J. Ralston, the brother-in-law of the victim.

At noon today Mrs. Holdsworth brought suit against the alleged physician for the purpose of settling aside the deeds of the property executed by her last December. In connection with the action she reveals the details of her acquaintance with Dr. Fournier, to whom she was introduced by a mutual friend, J. H. Thompson. She says it was after her husband's death last November that she was taken ill and removed to the hospital. She had known the accused prior to the demise of Captain Holdsworth and he had expressed an affection for her and had called daily upon her. She gave him the deed while she was in the hospital, she claims, with the understanding that it was to be placed in a safe deposit box to which both would have keys and that he was to destroy it if she recovered and record it if she died.

Following her recovery, she asserts, he told her that he burned the document whereas, in fact, he had recorded it on February 13 and subsequently mortgaged it for \$2500.

She repeats her charge of undue influence by means of hypnotism.

Railroad Officials Send Out a Warning That Property Is Threatened.

Patrols Stationed at the Entrance to Tunnels and at Stations.

LONDON, April 4.—Warnings were sent out today by the directors of all the railroads in the United Kingdom to the effect that militant suffragettes had threatened to burn stations in various parts of the country. Patrols are being stationed at all stations and in tunnels. Some empty trains were dynamited near Stockport, Cheshire, in the night. Suffragettes are suspected.

The sentence of three years penal servitude imposed on Mrs. Pankhurst, the leader of the militant suffragettes, for inciting her followers to destroy property, has aroused the militant suffragettes to fury and they threaten strong reprisals.

One of the militant leaders, in announcing the intentions of the suffragettes, went so far as to say that even human life no longer would be respected. In London, Glasgow and other places throughout the country, enthusiastic meetings were held last night, and every mention of Mrs. Pankhurst brought forth loud cheers.

**POLICE VIGILANT.**  
Scotland Yard aroused by the threats of the women, has sent out warnings to owners and tenants of property of possible developments, and the police everywhere are taking unusual precautions.

In closing a meeting held under the auspices of the Women's social and political Union tonight, Annie Kenney appealed to those who were indignant at the long sentence passed on Mrs. Pankhurst to come forward in the next 48 hours and show their indignation by some definite deed.

"It is always the law breakers, who make things go," she added.

There were repeated cheers at every mention of Mrs. Pankhurst's name. Miss Kenney, who presided, wondered if the Judge in summing up realized that instead of stopping the agitation to win the vote, he was only fanning the flames. "Do they think," she asked, "if that because Mrs. Pankhurst is in prison, the women are going to sit down like a flock of sheep until she comes out? Mitty will go on strike, it will become more furious than ever."

**ARREST SUSPECTED MILITANTS.**  
LONDON, April 4.—Two girls suspected of being militant suffragettes about to commit an outrage were arrested today before dawn. They carried bags containing paraffine, paper saturated with oil, candles and matches. In each of the bags was a paper bearing the scrawl:

"Beware how you treat Mrs. Pankhurst."

The girls, in police court, gave their names as Phyllis Brady and Millicent Dean. They had explained to the policeman who arrested them that they were returning from their Easter holidays.

**"NO INFLUENCE WITH KING."**  
ST. LOUIS, April 4.—The Mississippi valley suffrage conference in session here will take no official notice of the sentence of Mrs. Pankhurst, according to Mrs. Catherine Vaughn McCulloch, chairman of the resolutions committee.

"A resolution would have no influence with King George," she said.

**TO TAKE UP EMERSON CASE.**  
WASHINGTON, April 4.—Officials at the state department said today the attitude of the United States in the case of Mrs. Pankhurst, the American militant suffragette imprisoned in London, would be determined after further report, the London embassy having been ordered to investigate the charge that the young woman

was subjected to cruel treatment.

It was pointed out today that if Mrs. Emerson, mother of the young woman, has complained to the embassy, it must have been subsequent to the sending of Charge Laughlin's report of yesterday, which said the mother had filed no charges, although she was granted a house interview with her daughter.

Secretary Bryan will immediately take up with Chandler Anderson, the counselor of the department, the question of what is to be done. Practically there are no precedents, the nearest similar case being that of Mrs. Maybrick, when some of the highest officials in the United States peti-

tioned the British government to release the American woman from the prison where she was serving a life sentence. It was held by various secretaries, notably Blaine and Hayes, that there was no warrant for a direct official request from the United States government for clemency in Mrs. Maybrick's case, so their representations were unofficial, though made through the American embassy in London.

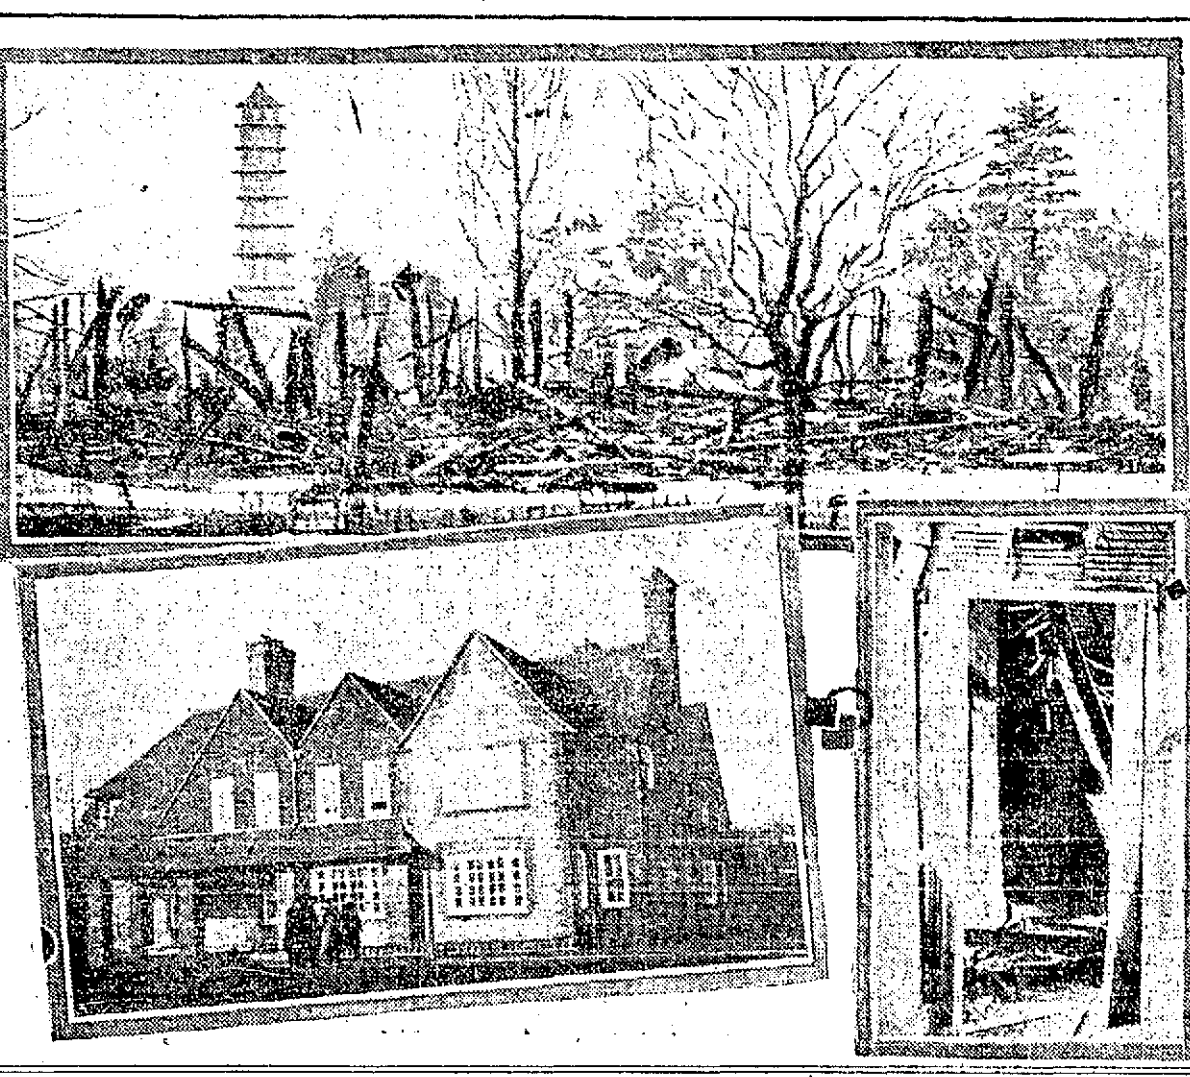

Secretary Bryan wishes first to establish the complete regularity of the judicial proceedings in the case of Mrs. Emerson, and if he follows the ordinary course and ascertains that there has been no discrimination

against the woman on account of her nationality and that she has not been treated in a cruel and inhuman manner, forbidden by the principles of the law common to all nations, he likewise probably will confine himself to the exercise of his functions in an unofficial way to secure an amelioration of Miss Emerson's condition.

**PLAN MICHIGAN SOCIETY.**

INDICT BAKER  
ON FORTY  
COUNTS

Federal Grand Jury Opens Up Way for an Investigation.

The Stock Brokerage Business Across Bay May Be Probed.

SAN FRANCISCO, April 4.—With the return of an indictment on forty counts against Charles F. Baker, of Oakland, defaulting assistant cashier of the Crocker National Bank, the Federal Grand Jury opened up yesterday an investigation which may result in sensational disclosures affecting financial circles. District Attorney John J. McNab having in his possession evidence which may bring prominent brokers into the temple.

The indictment was found on forty counts, and charges falsification of books of a National Bank and misappropriation of approximately \$127,000. It will be returned Tuesday before Judge W. C. Van Fleet of the United States District Court.

**BROKERS' CLERKS ON STAND.**  
While several stock brokers' clerks were put on the stand yesterday, this was done principally to clinch the case against Baker, and not to connect the brokers with any attempt to assist Baker in his looting of a bank. It is said that more indictments will be returned against the accused financiers.

The actions of brokers who handled Baker's accounts, knew of his stock gambling and who, the district attorney believes, must have known that he was thus spending greater sums than his salary would warrant, will be probed by McNab, who hints that the evidence which he will produce will create a sensation.

The maximum sentence on the counts of the indictment is ten years. If the counts were tried concurrently this would mean a ten year term. If consecutively, 400 years. A bench warrant to bring the accused Oakland man to trial will be issued on the return of the indictment to the court next Tuesday.

## GETS JUDGMENT AFTER LONG SUIT

Explosion of 1898 Is Cited as Cause of Damage to Home.

Judgment of \$325 for his little home at Metrose, which was destroyed July 19, 1898, when the magazine of the Western Fuse and Explosive Co. was blown up by a fugitive Chinese, was rendered this morning by Judge T. W. Harris to J. F. Fernandez, who had brought suit against the Western Fuse and Explosive Co. There are about a dozen similar suits pending against the same defendant and a blanket judgment for the full amount of the damages asked is expected, in line with the Fernandez decision.

The Fernandez suit, with many others of the same character, was brought shortly after the explosion occurred in 1898 and judgments have been secured against the defendants, but in each case the company has appealed to the higher courts and through the various means known to the legal profession to bring about the law's delay, no judgment has been paid. When the records of the cases were destroyed by the fire of 1906, in San Francisco, the Fernandez suit was ordered retried and the dilatory practices of the defendant's attorneys were again set in motion, until Judge Harris threatened drastic action and forced the attorneys of the company to bring the case to trial.

The explosion at Metrose was caused deliberately by Eugene Ne Gung, an employee of the powder company, who had taken refuge in the powder magazine after killing another Chinese in a quarrel over a 25 cent lottery ticket. The Chinese was besieged for a whole day by six detectives, and he threatened to blow up the house in which he had taken refuge. If any effort was made to dislodge him, he threatened to blow up his throat. Finally he did carry out his threat, blowing both the front of his

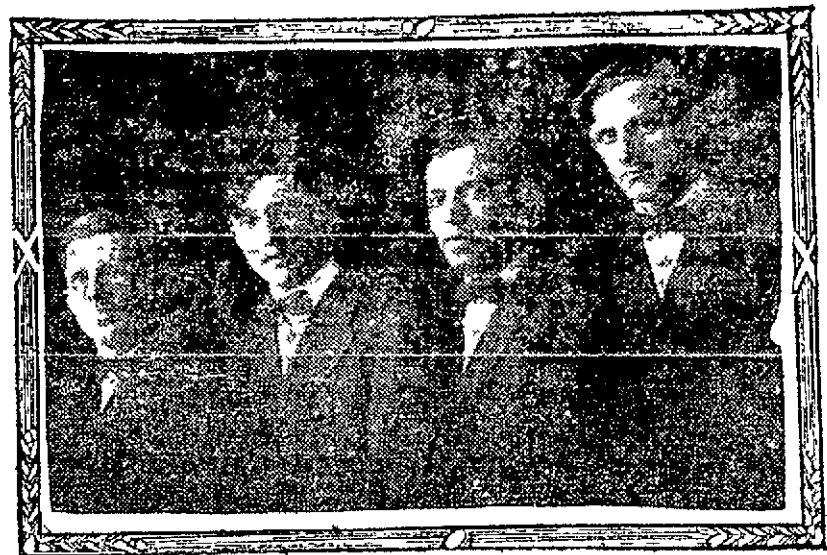

## WOMAN WEEPS ON WITNESS STAND

Tells the Alleged Cruelties of Spouse in Suit for Divorce.

SAN FRANCISCO, March 4 — Repeatedly bursting into hysterical fits of crying while on the witness stand in Judge Sargent's court, Mrs. Marie A. Brown told great difficulty to tell of the alleged cruelties of her husband James Brown, of San Luis Obispo. She asserted that he had threatened to kill her at the Winchester hotel a few days after their marriage and that he had frequently threatened her life. After she was carried to the court chambers following her first outbreak of sobbing, Attorney Doran representing the husband, declared that Mrs. Brown was in fact very much in love with her spouse and that she had written him many passionate letters, one of which he left on the day she separated from him. In it she declared that he had killed her love but that if she found her affection returning she would go back to him and give him what little ardor remained.

The entire morning was consumed in getting her evidence and the divorce trial was continued this afternoon.

## ST. PATRICK'S PARISH AFFAIR TO HAVE NOTABLE FEATURES

MEMBERS OF QUARTET WHO WILL SING AT ENTERTAINMENT TONIGHT. LEFT TO RIGHT—WALTER JOHNSON, H. A. GRIFFIN, DUKE TCHANEY AND J. LEWIS

Irish and Scotch specialties will feature the program of the entertainment of the parish of St. Patrick's church of West Oakland, which will be given this evening at 8 o'clock in the parish auditorium. The affair was originally scheduled for St. Patrick's day, March 17, but on account of Holy week, was postponed until tonight. This has allowed the committee, consisting of members of the parish, plenty of time to prepare a program of more than ordinary interest.

Father Maher, acting pastor of the church, has been assisting the committee in charge in planning for this evening's affair. He has also prepared a number of unique attractions which will add interest to the program. Included in the program are a number of the capable singers and dancers of the bay counties, while in addition there will be addresses by several of the able orators of this section.

John F. Mullins, chairman of the Board of Supervisors will act as chairman of the evening. The program follows:

Part I—Opening chorus, the senior class of St. Joseph's Institute, accompanied by Miss Lillian Tracey.

Part II—Address, Joseph A. Kennedy, vocal selections the Cosmopolitan quartet—H. A. Griffin baritone, Walter J. Johnson, basso Jack Lewis, first tenor, Duke Tchanev, second tenor, Irish specialties, Mrs. Francis Keith Klemm vocal selections, Miss Florence Plath, accompanied by Miss Zolla Stewart.

Part III—Irish songs Miss Mae Gertland, vocal solo, Miss Anastasia Griffin, accompanied by Miss Elizabeth Walsh, vocal selection, the Cosmopolitan quartet.

Telegraph avenue, Berkeley, in connection with his residence, and a larger one in the Blake block in Oakland. Mrs. Belle-Oudry is also a photographer and is perhaps a more earnest devotee of the art than her husband.

While working on some post-impressionist enlargements in the Blake building studio last night Mrs. Belle-Oudry became so absorbed in her work that the hours flew by and she forgot to look at the clock. When she was ready to go home she found it was after 1 o'clock.

Leaving the studio she started down stairs. The door was locked and the janitor—name, address and telephone number unknown—had departed. Mrs. Belle-Oudry thought it was a joke as she sought other exits. But they were all locked and barred. Then she screamed for help, but there was no response.

### HUSBAND TO RESCUE.

Alone in the dismal office building, she finally recovered from the feeling of panic and sought the telephone. By this time Belle-Oudry was worrying about his wife, and when he learned of her plight he summoned a taxicab and rushed to Oakland.

But the lock worked efficiently both ways. She could not get out and he could not get in.

Belle-Oudry went to the police. They did not know the address of the janitor and were equally at a loss as to how to free the prisoner. That not being their ordinary business. Finally it was suggested that the fire department be called out.

The central fire house was called upon and the men gladly responded with hook and ladder and safety net. A ladder was erected to the fire escape about the second story and two husky firemen ascended and assisted Mrs. Belle-Oudry down to the ladder way.

There was a flurry of lingerie as the fair prisoner essayed to climb down the ladder. With a little assistance she reached the ground. There was a happy reunion and Belle-Oudry provided "smokes" for the rescuers.

### MERCHANT TO TRAVEL.

Louis Schumann, prominent merchant of this city, leaves tomorrow with his family for an extended tour of the southern part of the state. The Schumanns will first visit Los Angeles afterward taking in Pasadena, Coronado, Long Beach and other southern points of interest. They will be gone for several weeks.

While a pull will help in politics, it is more satisfactory to work for your living.

## FIREMEN RESCUE MRS. BELLE-UDRY

Wife of Photographer Removed From Building by Means of Ladders.

The police and fire department, armed with revolvers and equipped with scaling ladders, towers, life nets and other paraphernalia, were called into service last night to effect the rescue of Mrs. Edward Belle-Oudry, society and club woman and wife of the well-known photographer, from an upper story of the Blake building on Washington street. The rescue was effected shortly before 2 o'clock this morning and was a thrilling nature.

## Blue Cheviot Suits for Young Men, \$15

No article in young men's wear is in stronger demand just now than blue cheviot suits. These are the best that have ever been put out at this price. Made from strictly all-wool cheviots in rough diagonal weaves. These models are made with broad shoulders and with either loose box or form fitting backs and the trousers are cut in full peg style with shaped cuffs. They will fit young men from 15 to 21 years, and they will please the most particular.

**Fancy Cheviot Suits for Young Men**  
\$10, \$12.50 and \$15

From every standpoint these suits are way above the average. The models are the very newest, in box back and English style. The materials are strictly all wool in new patterns and colors. The tailoring is of a very high order and the linings are better than ordinarily can be found in suits at any such price. It is only because we make them ourselves in our own factory that we can put them out for these figures. 15 to 21 years.

## Buddy Tucker Suits With Extra Pants \$5

Splendid suits in double-breasted style in sizes from 8 to 17 years, also Norfolk models in sizes from 6 to 12 years. These suits are made from all-wool fabrics in pretty browns, greys, tans and fancy mixtures. They are cut with full peg trousers, lined throughout with linen and are made with a pair of extra pants. They are priced specially at \$5 and are on sale in the Oakland store only.

## Boys' Wool Suits \$3.95

Double-breasted styles and Norfolk effects in sizes from 6 to 16 years. Made of rich dark browns, serviceable greys, and novelty mixtures in very durable fabrics. The regular tailored run up to \$5. They are on sale tomorrow at the special price of \$3.95.

## Spring Suits For Boys \$3.95

Sizes 2 1/2 to 8 years. Russian style suits for little fellows, made with military or sailor collar effects in nice long coats with full lined bloomers. There are sailor blouses also in sizes from 5 to 10 years. The materials are navy blue serges, browns, tans and novelty mixtures. All wool and in nice patterns and colors.

## SOCIETY

**A**LL the world loves a lover, and on a plane with that familiar aphorism is the fact that all the world of society loves to honor those who have claimed their right to the title by announcing their intention to play the game of life in partnership. When a girl tells of her betrothal friends hasten to plan affairs to make her days a continued succession of pleasures. One of the betrothed girls who is receiving endless social compliments is Miss Madeline Clay, who will be married to Warren Harrold on April 22. Hardly a day goes by that does not see some delightful affair for Miss Clay at which friends, old and new, meet to wish her happiness. Miss Leila Kenney was hostess at an informal bridge party for the attractive girl yesterday, at which a number of the younger matrons and girls of the smart set enjoyed an hour of bridge and a social chat over the teacups. Miss Florence Henshaw entertained the members of the bridge party last night at dinner in honor of Miss Clay and Mr. Harrold, taking the entire party afterward to see "Little Miss Brown" at the Macdonough. Mrs. William Volkman will give large card party this evening in compliment to Miss Clay and her fiancé and several functions are planned for next week.

MISS MILDRED SALLEE, WHO IS A POPULAR MEMBER OF THE YOUNGER SOCIAL SET OF THE BAY CITIES.—Geo. Fraser photo.

Derby of Vacaville and Laurens Killingsworth of the same place, was solemnized at noon Wednesday in the Hotel Shattuck in Berkeley. The Rev. George Eldredge officiated at the ceremony in the presence of a few relatives and friends. The bride is a member of a prominent family in Vacaville, and is well known in Berkeley, where she was formerly a student at the University of California. Killingsworth is the son of Assemblyman and Mrs. W. S. Killingsworth of Vacaville, where the young couple will reside upon their return from the honeymoon.

## BRIDGE TEA LATER.

Miss Elsa Schilling is planning an elaborate function for the afternoon of Wednesday, April 15, when she will entertain with a bridge tea at the home

of her parents, Mr. and Mrs. A. Schilling, on the lake shore. A large number of cards have been sent out for the occasion, and the guests will number many of the younger matrons and maids of society on this side of the bay. Mr. and Mrs. Schilling and Miss Schilling will close their Oakland home early in the summer and go to their recently acquired estate in San Mateo county for the summer months.

## WEDDING PLANS CHANGED.

On account of the recent bereavement in the family of her fiancée, Thomas Veitch, Miss Elizabeth Latham has changed the plans for her wedding, which is to take place May 22. The attractive bride-elect had intended to have an elaborate church ceremony at St. Paul's Episcopal church, with a

brevy of attendants and several hundred guests, but now the plans are for a quiet home ceremony at the home of the bride-elect's mother, Mrs. Henry Miles Bull on San Pablo avenue. Only the immediate members of the two families will be in attendance.

## LUNCHEON AND CARDS.

Cards are being sent out by Mrs. Nicholas A. Acker for an elaborate luncheon to be given at her home in the Lakeside district on Wednesday afternoon, April 16. About sixteen matrons of the smart set are to be invited to the luncheon, which will be followed by an afternoon at the bridge tables. Mrs. Acker will be assisted in her hospitable duties by her attractive debutante daughter, Miss Helen Acker.

## TEA FOR SCHOOLMATES.

Four of the senior girls at St. Paul's Seminary will be hostesses tomorrow afternoon to a group of their classmates, entertaining them with tea at the Hotel Oakland. Their guests will include Miss Veleville, Buncher, Miss Cecil Carr, Miss Alice Dibble, Miss Annie Gler, Miss Jeannette Linton, Miss Freda Gell, Miss Anita Snell and Miss Anita Mayer.

## CARDS FOR VISITORS.

Miss Winifred and Miss Emily Ambrose entertained with a large card party this afternoon in honor of two visitors from Sacramento, Mrs. Thomas Ambrose and Mrs. Semple. About two score of their young friends have been asked to meet the honored guests, and bridge will occupy the afternoon hours. Mrs. Ambrose and Mrs. Semple will spend a week or two in the bay cities.

## TEA IN PIEDMONT.

An elaborate tea was given by Miss Ursula Langan yesterday afternoon at her home in Piedmont at which nearly two hundred guests from the society circles of the bay cities were present. The function was in honor of two recent brides, Mrs. George Pressley, who was Miss Florence Block of San Francisco, and Mrs. Henry Ivey, who was, before her marriage, Miss Daphne Jordan, an attractive member of local society. Fruit blossoms in delicate tones of pink and garlands of graceful ferns made an effective decoration for the Langan home. The charming hostess was assisted in welcoming her guests by her mother, Mrs. George W. Langan, and by a group of society maids and matrons, including Mrs. J. W. Block, Miss Adelaide Block, Mrs. C. C. Smith, Mrs. C. C. Smith, Mrs. Langan, E. C. Smith, Henry Ivey, R. C. Melvin, A. R. Moyle, Tom Branch, Philip P. Langan, O. W. Fletcher, Ernest De Witt and Sidney Morris.

The charming Miss Langan entertained the members of the receiving party with an informal dance, an equal number of men having been invited for the evening. Among those who came for the dance and entertainment were Mrs. Langan, E. C. Smith, Henry Ivey, R. C. Melvin, A. R. Moyle, Tom Branch, Philip P. Langan, O. W. Fletcher, Ernest De Witt and Sidney Morris.

## TO RETURN IN MAY.

Mr. and Mrs. Frank Maxwell, Davis, who are spending their honeymoon in the East and Canada, are planning to return the latter part of next month. Mrs. Davis was Miss Caro Mills before her wedding, which was a society event last January in St. Paul's church in Piedmont. Upon their return Mr. and Mrs. Davis will establish their home in Piedmont. They have been visiting Mr. Davis' relatives in Canada, and plan to spend the month of April in New York before turning homeward.

## BRIDGE IN ALAMEDA.

Mrs. Franklin Noah Dewey entertained yesterday at her Alameda home in honor of three attractive matrons of bay cities society, her honor guests being Mrs. Robert Brotherton Valleau, Mrs. Robert Krul and Mrs. Howard Leggett. Mrs. Dewey was assisted in welcoming her guests by Mrs. McKee Sherrard, Mrs. Fritz Van Sicken and Mrs. Frank Heim of Manila. Bridge was the diversion of the afternoon, followed by a delightfully informal tea. More than three score guests enjoyed the pleasure Mrs. Dewey had planned for her friends.

## LUNCHEON FOR CARD CLUB.

Mrs. Millard J. Layman was a luncheon hostess today, entertaining at her Chestwood street home with a dainty luncheon, followed by an hour of bridge. Her guests included a group of society matrons, who make up one of the smaller bridge clubs which meets fortnightly. Among those who form the personnel of the club are: Mrs. Henry Miles Bull, Mrs. Raymond Arthur Perry, Mrs. Erick Morse, Mrs. Bert S. Hubbard, Mrs. George Chevalier of San Francisco, Mrs. William A. Schrock and Mrs. Robert A. Boyer.

## WEDDING DATE ANNOUNCED.

Miss Helen Young has chosen the date of her wedding to Prof. Tracy Crawford of the University of California for May 22. It will be a quiet wedding at the home of the bride-elect's parents on Hillside avenue in the presence of the immediate relatives of the couple. Miss Young is a graduate of the state university and has been prominent in sorority affairs on the campus. She is prominent in society circles in the college town, where she has scores of friends. Professor Crawford is connected with the astronomical department of the university.

## BRIDE-ELECT HONORED.

Miss Loretta Penner was the motif of an informal dinner given by Miss Edith Woodward at her home in East Oakland yesterday afternoon. About a score of young friends of the hostess and her attractive guest of honor was present. Miss Penner is the fiancée of Robert Vincent Miller, and her wedding will be an event of June. She is popular in the social set and will be the recipient of many compliments before the wedding day. Miss Alice Callan, who entertained at a card party Monday afternoon, April 14, in her honor, and Miss Neville Stevenson and Miss May Ochs will unite as hostesses to a group of friends at a matinee party, followed by tea at the Hotel Oakland on Wednesday, April 16, in compliment to Miss Penner. Miss Ochs returned to her home in Oakland a few weeks ago after a winter spent in New York with Mrs. Grace Davis Northrup.

## INVITATIONS OUT.

Mrs. Alexander Marx has sent out invitations for a bridge luncheon for the afternoon of Thursday, April 10, at her home. About a dozen of the smart matrons will share Mrs. Marx's hospitality at the luncheon, which is one of a series at which the hostess has entertained this season.

## ENTERTAINS FOR BRIDE.

Mrs. W. A. Fern will entertain the members of the Christian Endeavor Society at a social gathering at her home in Kensington avenue. Mrs. Fern is asking her guests

## BEAUTY OF DRESS

By LILLIAN RUSSELL

Copyright, 1913, by Lillian Russell

**T**HE unbecoming fashions of the day are, to my thinking, the most trying we ever have had. To follow the fashion models, one must have no hips or bust. Straight lines in all their manliness are accentuated. Nature has seen fit to build women in other than straight lines, therefore it is not easy to hide curves that are natural to the feminine sex. The present fashions cannot possibly last; a positive change will occur soon, and curves will be again accentuated. All beauty of figure seems to be obliterated today; the bust is made flat; the waist is shortened and enlarged; the hips are bound in so tightly that a natural walk is impossible. This is all a menace to health, for without freedom of movement and freedom of breathing there can be no freedom of thinking. The day will come, and it is not far off, when women will study their health before they study fashions. They will never hamper their freedom of walking by narrow skirts any more than they will hamper their thoughts by narrow prejudice. With the emancipation of woman will come independence in every department of her life. She will be as fearless to wear what she knows beautifies her and comforts her as she will be to express her ideas of right living. Remember, compression and suppression are shackles which belong only to slaves.

## Answers to Queries

Miss G. R.—It is absurd to think of changing a pug-nose into a Grecian nose in a few days' treatment. In fact, nothing can be done to change the shape of the nose. I would advise you to leave your nose entirely as it is and not try to make matters worse by pulling and pinching it. You will put it out of shape and make it look badly.

L. T. L.—Benzoin is used in

creams to whiten the skin and to preserve the cream. It is never advisable to use too much benzoin on the skin, as it will make it dry and you will find that in time it will change tiny wrinkles to appear. It is not poisonous when used externally, but I would not advise anyone to try using it internally.

MARIE—I shall be happy to send you my green soap treatment for removing blackheads and the formula for an astringent lotion for

closing large pores if you will send me a stamped addressed envelope.

READER—There is nothing that will remove freckles in the short time you wish. You must have patience if you wish to improve your personal appearance, as all things take time. I shall be glad, however, to send you a formula for a bleach for removing freckles and tan.

to meet Mrs. Thomas Stewart Caldwell, who was Miss Alice Wilson of Riverside before her marriage. Cards have been sent out for another luncheon on Friday, April 18, and another delightful affair is planned to take place later in the season.

## BRIDES-ELECT COMPLIMENTED.

Mrs. Frank McNutt is claiming guests for an evening card party on Thursday, April 10, in honor of two popular brides-elect, Miss Loretta Penner and Miss Reba Wurtz. Mrs. McNutt, who was before her marriage, Miss Mabel Paul, will entertain her guests at her home in Alameda. Miss Wurtz will be married to Albert Silverthorn of San Francisco Tuesday evening, April 15, in the First Congregational church, and Miss Penner will become the bride of Robert Vincent Miller in June.

## SERIES OF LUNCHEONS.

Mrs. Frederick B. Samuels and her daughter, Mrs. Clarence Crowell, entertained a number of society matrons today at a luncheon and bridge party, which is one of a series planned by the two hostesses. About twenty-five friends

gathered at Mrs. Samuels' home on Perry street for the function. Cards have been sent out for another luncheon on Friday, April 18, and another delightful affair is planned to take place later in the season.

## LUNCHEON TODAY.

Mrs. George Hammer was a luncheon hostess today, entertaining about a score of friends with an elaborate affair at her home in Vernon Heights. Her guests included a number of society matrons of the east bay cities.

## DANCE FOR BUDS.

One of the delightful affairs of next week will be a dancing party, which will be prominent in the dance which Mrs. John M. Roy is planning for her two nieces, Miss Marjorie and Miss Mordan Wiggins. Mrs. Roy will entertain at her Berkeley home, and the guests will include about fifty of the younger society set of the college town.

## WEDDING LAST NIGHT.

Miss Margaret Beaver was wedded to George A. Tum Siden last night at a simple ceremony performed by Professor Jonas of the Lutheran seminary, in the presence of the immediate members of the two families. The groom is the son of H. Tum Siden, a prominent East Oak-

land resident. The couple will make their home in this city.

## RETURNS FROM VISIT.

Mrs. Walter D. Cole has returned from Sacramento, where she has been spending the month of March, and is once more domiciled at her home in East Oakland.

## HANGING HEAD DOWN. FIREMAN SAVES WOMAN

NEW YORK, April 3.—Fire gave opportunity for two daring rescues at 320 West Fifty-eighth street today. Mrs. Katherine Chelan was out off on the stairs by the dense smoke and climbed out on the window ledge preparatory to jumping to the street. The house is separated from that next door by a four-foot space. Before the firemen could reach her a man appeared at a window of an adjoining building, gave Mrs. Chelan his hand and swung her across to safety. The man later refused to give his name.

Mrs. Mary Bradley, who lived on the fourth floor, also trapped by the smoke, was preparing to jump when Lieutenant Simpson and Fireman John F. Mooney worked their way to the roof directly above her. Simpson and Mooney held Mooney's feet, while the latter, hanging head downward, grasped Mrs. Bradley's hands.

## BENEFIT SHOW TO ASSIST FUND

Alameda Society Vaudeville to  
Aid Dayton Flood  
Victims.

ALAMEDA, April 4.—Society vaudeville, under the auspices of the chamber of commerce, the Adelphi Club and other women's organizations of Alameda, and through the courtesy of Manager F. V. Clover of the New Alameda Theater, will be given on the evening of April 9, for the benefit of the flood sufferers. Included in the fourteen carefully selected acts will be the cream of local talent and the best professional assistance that can be secured.

The local numbers will be made up of gifted Alamedans, Miss Belle O'Connor, who is considered one of the strongest drawing cards in the city, will head the bill. The ladies of the Adelphi Club will stage their splendid skit, "Diantha's Desertion"; Miss Gladys Emmons will give a monologue, Eugenia Glendard will put on a new act in which she will sail over the audience in an aeroplane, one that will not fall; Newman and De Coursey will contribute songs and specialties, and the Elks' Club will furnish one additional number. That will conclude the local part of the bill.

The management of Paragates theaters, Manager George Eby of the Oakland Orpheum, the Bert Levy vaudeville circuit, all will furnish acts of high-class vaudeville, and the Delys will give an exhibition of electrical roller skating that will bewilder and dazzle.

The Carl E. Strom Electrical Company of this city will furnish an electrical display of stage lighting, and there will be two reels of motion pictures, donated by the theater management.

Taken all in all, the production will be staged on the most elaborate scale and will eclipse anything ever before attempted in Alameda in vaudeville.

Musical for the evening will be furnished by a local professional orchestra.

Tickets for the performance will be placed on sale at the box office of the New Alameda Theater, tomorrow night, and will also be sold by the club ladies interested in making the benefit a great success. The prices will be 25 cents, 50 cents and 75 cents. Several hundred dollars will be raised for the flood sufferers.

**OBJECT TO LICENSES  
IMPOSED BY PIEDMONT**

PIEDMONT, April 4.—The Piedmont board of trustees met yesterday evening in the town hall of Piedmont. A number of important business matters were brought up, including a protest in letter form made by a number of dyeing and cleaning firms who have branch offices in Piedmont and who object to the proposed license tax, which is \$50 per annum. A. Holdberg, a representative of one of the firms, who was present said:

"Sixty dollars is entirely too much money to be paid out every year by firms of our size. For our branches in Oakland we pay \$7.50 per year; in Alameda \$5, and in Berkeley we do not pay anything, and we think that the tax should either be abolished or reduced to a reasonable amount."

The protest was referred to the license committee, which will report on it at the coming meeting. Street work was also discussed and found to be progressing.

**CLASS PLAY WILL  
AID FLOOD VICTIMS**

ALAMEDA, April 4.—Plans for one of the greatest of all class plays, to be given by the junior class of the Alameda High School, have been perfected, and indications point to a seat sale at the new Alameda Theater that will prove flattering to the management of the play. "A Bachelor's War" is the title of the comedy drama, to be staged by the youths and maidens of the class on the evening of April 11.

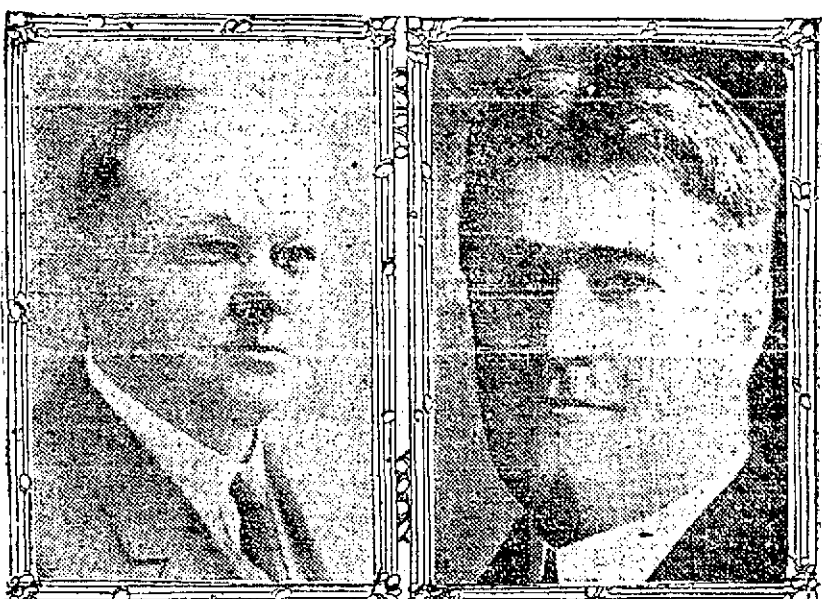

Many rehearsals have been held, the youthful thespians in the roles they are to assume, and further rehearsals are being held daily. The play will bring out some new talent in the field of Alameda stars, and the work of some of those who have hitherto been unknown in the realm of amateur footlight stars is particularly good.

After the expenses of the class have been deducted, the remainder of the proceeds will be turned over to the relief committee for the flood sufferers.

**WILL GIVE "RAG" DANCE.**

PIEDMONT, April 4.—Tom Graves, a member of Oakland High school, will give a "rag" dance tomorrow evening at Mowbray hall, Piedmont. A large number of his fellow-students have been invited and a pleasant time is anticipated.

## LITTLE INTEREST SHOWN IN BERKELEY ELECTION APRIL 5

TOP (left to right)—HERBERT F. BRIGGS AND CHARLES H. SPEAR. BOTTOM—CHARLES D. HEYWOOD AND C. E. AYER.

BERKELEY, April 4.—Elections will be held in this city tomorrow for mayor, two commissioners, two school directors for the long term and one school director for the unexpired term of Mrs. Elmer Carlisle. The election will be one for elimination, no candidate being finally chosen for office tomorrow, except he get a majority of all votes cast for his office. Otherwise, the two highest for each office will contest at a second election on April 19.

The campaign has been the least spirited since the adoption of the city's new charter, four years ago, and as a result estimates of the probable total vote to be polled run no higher than 10,000, though the registration is above 13,000. At the last Presidential election the city cast 13,260 votes.

Interest has centered in the contest for mayor to succeed J. Stitt Wilson. Charles D. Heywood has had the backing of the "good government" faction, which twice supported Beverly L. Hordhead for the mayoralty and also favored the recall movement against certain of the school directors. Heywood was formerly president of the Chamber of Commerce and is a West Berkeley lumber man.

**SPEAR INDEPENDENT.**  
Charles H. Spear has been unattached in the campaign. He was former president of the State Board of Harbor Commissioners, and was once before a candidate for mayor. He has held office in the city government, at times past, and has lived in Berkeley for nearly 30 years.

Herbert F. Briggs was formerly a minister, who later took up the legal profession. Two years ago he was appointed to the library board by Mayor Wilson, and later was elected to a vacancy in the school board by the Socialist majority therein, which position he holds.

Philip Phelps is the Socialist candidate for the mayoralty. He was also formerly a minister, but is now engaged in the printing business in this city. F. Ayer has been a resident of this city for a number of years. He came into the public eye recently through being chief proponent of the recall movement against the school directors.

Most of the meetings held during the campaign have been attended by only

small crowds. The largest meeting yet held in point of numbers was that of Spear this week at Hotel Hall, in West Berkeley, when more than 300 attended. Several mass meetings of other candidates at the Berkeley High School have drawn from 100 to 200 voters. The difference is in strong contrast with the campaign of two years ago, when Wilson and Hordhead were candidates.

Candidates for commissionerships and school directorships have taken a secondary place in the campaign to those for the mayoralty. The whole ticket as it will be voted upon tomorrow is as follows:

For Auditor—Adolphus F. Eddy and M. L. Hanson.  
For councilman—Walter S. Brown, B. Bull, Frank P. Farber, Charles Green, Edward C. Hanna, Christian Hoff, John H. McIndoe, George C. Pape, F. A. Postnikov and A. F. Schrad.

For school director (four-year term)—Mrs. Sylvia S. Beals, Mrs. Hector Harland, Milton T. Farmer, Edward Vincent, Surr, A. T. Sutherland and Roy L. Woolsey.

For school director (unexpired term)—Mrs. Agnes Claypole Moody and Frank G. Shellenberger.

**ADELPHIAN CLUB  
BULLETIN ISSUED**

Many Interesting Events Are  
Scheduled for Month  
of April.

ALAMEDA, April 4.—Many interesting events are scheduled for this month's bulletin of the Adelphi Club. This morning, at 10 o'clock, the dramatic section and physical culture class met and some unusually excellent papers read and new plays discussed. A meeting of the membership committee will be held at 1 o'clock Monday afternoon, with Mrs. E. D. Rue as chairman. Membership blanks may be procured from the first vice-president.

On Thursday, April 10, at 10 a. m., the dramatic section and physical culture class meeting will be followed by a basket luncheon for members of the section and important business will be transacted. In the afternoon of that date, at 2 o'clock, a meeting of the literature and new book section will be held, and James Lane Allen's "A Heroine in Bronze" will be discussed. Mrs. B. C. Brown presiding. Other Adelphi Club events for this month follow:

Friday, April 11, 1:30 p. m.—Advisory board meeting.  
Saturday, April 12, 2:30 p. m.—Union meeting, to be a reception to the incoming officers, for Adelphi only. Music.

Monday, April 14, 10 a. m.—Civic section.

Wednesday, April 16, 10 a. m.—Music history section; business meeting.

Thursday, April 17, 10 a. m.—Dramatic section and physical culture class.

Friday, April 18, 10 a. m.—Basket luncheon for members only.

Monday, 1:30 p. m.—Business meeting.

Thursday, April 24, 10 a. m.—Dramatic section and physical culture class.

Thursday, 2 p. m.—Literature and new book section; reading, short stories, Flora McLeod.

Friday, April 25, 2:30 p. m.—Current events section. A talk on the working girl problem by Mrs. Mildred Berry Goodwin of San Francisco.

Monday, April 28, 2:45 p. m.—Art history section. Study of art galleries (continued).

**TRANSFERRED PRINCIPAL  
HEARING TO BE CLOSED**

The case of Alice V. Baxley, transferred principal of Fruitvale school No. 3, whose hearing before the board of education recently attracted some attention, will come up for final settlement Monday at the meeting of the board of education. Last night members of the elementary schools committee discussed the case and it is likely that two reports, a minority and a majority report, will be put in on the matter.

## PROF. STEPHENS TALKS OF SPAIN

University of California Savant  
Lectures Before the  
Newman Club.

UNIVERSITY OF CALIFORNIA, April 4.—Prof. H. Morse Stephens, head of the department of history of the University of California, a historian and lecturer of international repute, formerly head of the university lecture extension bureau, delivered a masterly address before the Newman Club, the Catholic Students' organization, last evening.

Spain, at the time of St. Teresa and Philip II, was the subject of Professor Stephens' lecture. After describing the life in Spain during the sixteenth century from a historical and religious standpoint, Professor Stephens dwelt particularly on the city of Avila, the birthplace and home of St. Teresa, founder of the Carmelite nuns, and the magnificent architectural monument of Philip II.

"Avila, during the sixteenth century," said Professor Stephens, "presents and portrays to the world the popular religious life and fanaticism of the Spanish people. The simplicity, fervor, kindness and zeal of the Spanish inhabitants of the city of Avila are the embodiment of Spanish religious temperament. On the other hand, the vast gridiron-shaped Escorial, with its palace, church, library, college and art galleries, represented the church and state worked hand in hand; the Escorial, a monument to Philip, was also a monument to God; to his both a palace and a church, the abode of kings and the House of Worship. Avila, the city of St. Teresa, embodying the simple faith and the simple life, the religious combining the official and religious tendencies, both are typical of Spain, both picture the Spanish life of the sixteenth century."

## CEMETERY DEED NOW A LIVE ISSUE

Title Found to Be in Possession  
of Old Man, Who Is Asked  
to Sell.

RICHMOND, April 4.—On the fairy going across the bay yesterday Johnny Moltoza astonished John Nicholl by offering to buy of him the early day burial ground at San Pablo.

Nicholl here had a few burial grounds or such things one way or another do not make much difference and it happened that Nicholl had forgotten that they owned this one at all and now they have one cemetery left over.

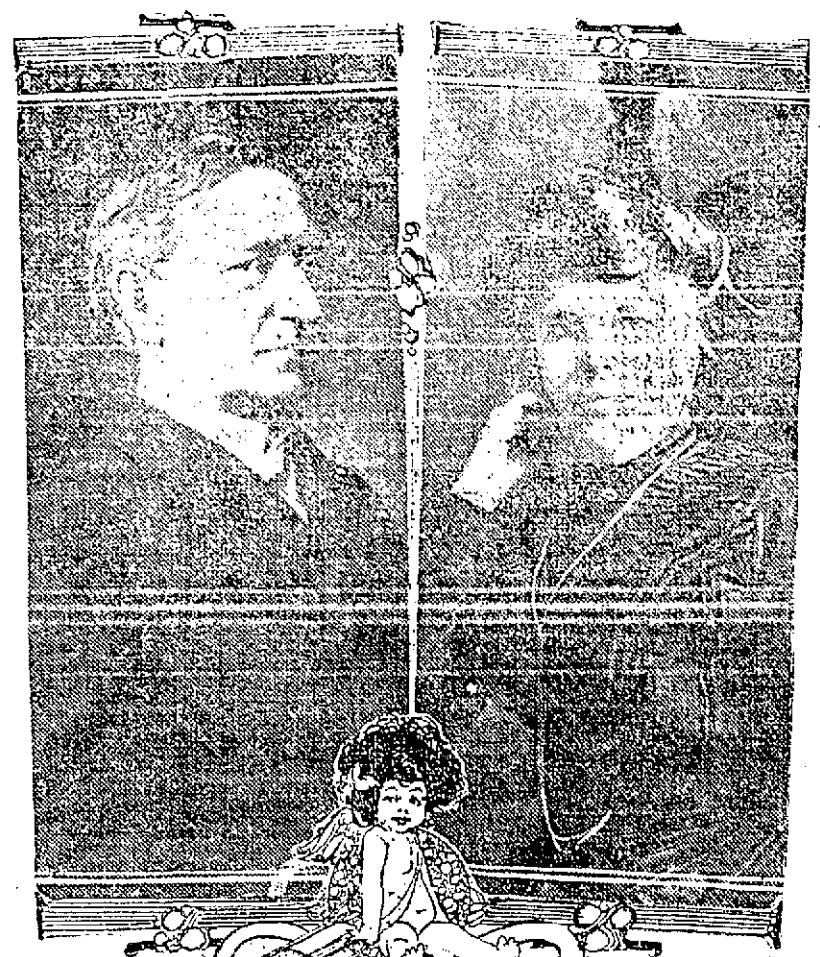

It seems that many years ago the elder Nicholl got a Presbyterian church, built at San Pablo and gave the land for it, but that no transfer of the land was ever made; later the church became a Baptist place of worship and as the years rolled around it fell down or was moved away or something and the old cemetery around it was deserted; many of the bodies being taken up and moved elsewhere.

Moltoza wanted to open a tract there and the old cemetery prevented his getting an opening to San Pablo avenue.

The pioneers in and around San Pablo are up in arms today over the bit of news and are to take steps to prevent the desecration of their graves. The old church and graveyard were established in the early sixties and there are probably a hundred graves there of the early settlers, some of them being of the best known families of Richmond and Oakland.

The well-known Haight and Behn families of Oakland have relatives buried there. An investigation will be made immediately relative to the title in the land and steps taken to prevent the cemetery from being cut up into a road and building lots.

## BERKELEY MINISTER WEDS LEADING CHURCH WORKER

REV. AND MRS. A. H. NEEDHAM, AGED COUPLE, WHO WERE MARRIED YESTERDAY IN BERKELEY.

BERKELEY, April 4.—After a courtship of one year, Rev. A. H. Needham, a retired Methodist minister of Berkeley and Mrs. M. C. Adams, a widow of San Diego, were married yesterday afternoon at the house of the clergyman's son, W. G. Needham of 2512 Regent street. Only the immediate family witnessed the ceremony, which was performed by Rev. W. J. Minahan, formerly pastor of the Methodist church of Illinois and a colleague of Dr. Needham. Shortly after the service the couple left for their home, 1708 Milvia street, which was occupied for many years by the preacher and his former wife who died a year ago.

The romance had its inception in Berkeley, where the couple were introduced by mutual friends. The bride was visiting friends in the college town, when she met Dr. Needham, who has played an important part in the religious life of that community.

Mrs. Needham arrived from Los Angeles a number of hours before the wedding. She had frequently visited in the southern city where she has many acquaintances. Her home has been in San Diego, where she was a leading worker in the Taylor Methodist Episcopal church

of that city. She was identified with all the forward religious movements in that denomination. In Pendleton, Ore., she was connected with the Baptist church. About five years ago Dr. Needham retired from the ministry after having been engaged in ministerial work in California about 20 years.

**PREACHER ESTEEMED.**  
In the ministerial world, Dr. Needham was held in high esteem as a man and a preacher. He was pastor of the Methodist church of Pacific Grove, Los Gatos and various cities throughout the state. For several years he was a member of the California conference and was formerly its secretary.

In civic work he has also manifested a keen interest, having been superintendent of the California Children's Home Society of Berkeley.

Both Rev. and Mrs. Needham have devoted the greater part of their lives to religious endeavors and social service. Rev. A. H. Needham is 68 years of age and his wife is 63.

No plans have as yet been announced for a honeymoon trip. They will reside in the house on Milvia street which was built under the direction of the pastor for his first wife.

## OFFICERS ELECTED BY ADELPHIAN CLUB

ALAMEDA, April 4.—The annual meeting of the Adelphi Club was held yesterday afternoon. Officers were elected for the ensuing club year as follows: President, Mrs. L. Lucella Gillogly; first vice-president, Mrs. Hermann Krus; second vice-president, Mrs. J. M. DeWitt; treasurer, Miss Ida M. Spencer; general curator, Mrs. J. Sherman MacDowell.

Directors—Mrs. Maurice Brown, Mrs. P. W. Burton, Mrs. F. B. Weeks, Mrs. H. W. Forcs, Mrs. H. F. Dexter, Mrs. F. J. Collar.

Membership committee—Mrs. E. J. Holt, Mrs. E. W. Maslin, Mrs. B. Rue, Mrs. J. C. Siegfried, Miss Georgia A. Foye.

## COUPLE ARE RECONCILED ON ADVICE OF JURIST

SAN FRANCISCO, April 4.—John James, a fireman for the Southern Pacific railway, living at 145 Hoffman avenue, and his wife Hazel, who is employed by the St. Francis Hotel, were reconciled today. Last Friday James appeared to show cause why he had not paid his wife alimony. He explained that she wouldn't let him see his child, who is at Watsonville, and that if he couldn't see the babe he wouldn't hand over the coin. Judge Graham agreed with him and urged him to make up with his wife. Today the couple announced that they had come to an agreement.

## EAGLES SELECT THEIR DELEGATES

Alameda Aerie Disposes of  
\$3100 of Building Stock  
at Open Meeting.

ALAMEDA, April 4.—Alameda Aerie of Eagles elected last night the following three delegates to the State Aerie meeting in Southern California this spring: Al Kinn, David Wilson and Edward Ward. The alternatives chosen were: F. L. Kramb, Cash Stickney and Leo Smith. There were no candidates for the three delegateships. James L. Bagnones, the 15th candidate, withdrew at the opening of the meeting last night, leaving the fight open for the other candidates. A press of political work in connection with his city council campaign caused Bagnones to leave the field to the others.

The meeting was in the nature of an open gathering, following a short business session, and several hundred Eagles and their friends were present. The most successful sale of Eagle building stock was carried through, over \$3100 of stock being disposed of. Cash Stickney, William Hammond Jr., a real estate operator, served as chief salesman and proved himself an able auctioneer of the building stock.

## ALAMEDA PERSONALS

ALAMEDA, April 4.—Edwin Davis, former secretary of the Board of Education, has been ill in Sacramento at the White sanatorium. He is expected to return to Alameda. His wife is recuperating from the effects of an operation. Since leaving Alameda some months ago he has been interested in business in the Capital city.

Mrs. L. N. Chapman left today for Washington, where she goes to attend the National Congress of the Y. W. C. A., which convenes April 14 to April 19. Mrs. Chapman will be away a month, and will be accompanied by Mrs. Maynard Force, Treasurer of the Y. W. C. A. Mrs. Thayer will remain in the east several months.

Mr. and Mrs. S. J. Ackerman, who have been living at the Bellevue hotel in San Francisco for the last three months, will return to their home at 2841 Santa Clara avenue the latter part of this month.

The ladies of the German Relief society will give a charity ball on Saturday evening at Adelphi hall. A part of the funds received will be sent to the Ohio flood sufferers.

Miss Katherine Iran, who has been visiting in the city for several weeks, is en route home and will stop at Los Angeles for a short stay before returning to her home here. Miss Iran is expected some time in May.

EE-YAH! TIGERS CLAW  
INTO PERCENTAGE COLUMNHogan Chased Off Field, but Venice Finally  
Defeats the Angels

LOS ANGELES, April 4.—After losing the first two games of the season, Venice took a brace yesterday and defeated the Angels 7 to 5, thereby acquiring something like a material showing in the percentage column.

The batting of Ray Evers and the pitching of "Spec" Harkness, the former Portlander, was the chief factor in getting the Venetians on the high end of the score, four out of five, the latter also contributing to that end. Harkness did not allow a hit until the fourth inning, when Moore singled and Evers brought him in with a home run drive to the center field fence.

Venice took the lead in the third with three runs, as the result of a walk and three hits off Slagle, and the Venetians were never headed. Slagle's wildness was responsible for another run in the sixth. He grew more erratic in the seventh, walking Carlisle and hitting Kane, both of whom scored on Blashard's hit. Rogers then relieved him.

Los Angeles scored two runs in the eighth, when Harkness weakened, hitting one man, walking two, and then a third. Uncertain pitching was each of the teams an additional run in the last inning. But went in to relieve Harkness, when things looked equally in the ninth, and succeeded in retiring the Angels with no further runs.

Umpire Bush chased Manager Hogan off the grounds in the fourth, when the skipper of the Venice crew made adverse criticism of the official's decision in calling Litch out at first base. There was more excitement in the sixth inning, when Hop and Maggart nearly came to blows over the latter's alleged interference, which Hop declared prevented a double play. Umpire Bush then interferred effectively and hostilities ceased.

## AROUND THE BASES

(By BILLY FITZ)  
Outfielder Jimmie Johnston will get into the game today for San Francisco, and Evers, Dougan and Will work either tomorrow or Sunday. They both arrived yesterday from Salt Lake.

The Seals will try a new batting order against Venice at Los Angeles next week. Johnson, the new man, will lead off, and Muzzin will probably come to bat second. Cartwright may be third, and Ed Howard, according to report, will get into the game at first base. Jimmie Johnston, Corhan, McArdle and the battery men will follow in the order named. Looks like a big improvement.

"Butterfly" Emery has come home with an unconditional release, and Winnie Ward is to be sent to a lower berth with a string tied to him.

Howard Camnitz, renowned fencer with the Pittsburg Pirates, is responsible for this funny yarn, which is finding wide circulation in the Eastern press. "Guess you know the Three-Base League," remarks Brother Camnitz. "Well, I stand at the Three-Base League. Tacks was my battery mate. He was anything but a prize fighter. Tacks had a face like a prize fighter, but of course he was a perpetual green. That would make a dyspeptic laugh to look at him, and a pair of ears that were whooping. They really flared up and down on a rainy day. Well, Tacks, being for a rainy day, was to show his teeth, and when he went out of his way to exhibit teeth, he was certainly was a picture."

"To make matters worse, Lattimore's endeavor was slinging for curves. Either that or it was the natural result of believing that what was he was prescribing. Then, his two huge ears stuck out from under his hair, and he forgot the first time Tacks caught me. I laughed every time I looked at him and walked the first three batters and then turned the next batter out. I came out for a confab and I told him he either had to take me or Tacks out. I drew the pass to the bench. A drags out one grandstand one day Tacks was watching. The bases were full in the ninth and Tacks' eyes fairly stood out on their ends."

"Mis-lah mra-a-ker," shrieked the son of Ham, "please pin Mis-lah Tacks' ears back so I can see de infield." It was the funniest crack I ever heard of, and a request of most of those in the grandstand seconded."

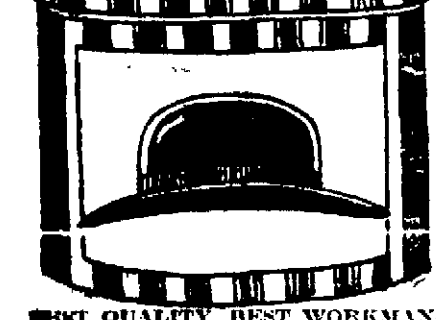

"What have you to say for yourself or the club?" Dillon was asked as he was leaving the field after Wednesday's loss.

"I have nothing to say," was the answer. "As for the club, the boys can talk for themselves, but I hardly think it is necessary for them to say anything under the circumstances. Their work in the game was for itself, and let air be calculated with my comments."

"Rowdy" Elliott, the Venice catcher, who recently sustained a laceration in his leg, is still hors de combat. The injured leg is improving rapidly, however, and he will be ready for the fray within a short time.

Manager Hen Prior of the Los Angeles Club says that the Angels should feel more brace this year than any other club in the league.

"Look at our infield," quipped Henry Johnson, a fast man, and I have been

## BASEBALL BALLAD NO. 22.

A San Francisco sporting writer remarked the other evening that the sweetest revenge he could imagine in return for the tears and insults of Oakland fans would be to have the Seals finish first and the Oaks second. All of which prompts us to paraphrase some lines which appeared recently in the Cleveland Leader under the signature of Gordon Mackay.

When Harry Ables leads the league in stolen bases;

When the gamblers cease to try again for nocks;

When Hedding seeks the bushes, and the Seals no longer brag;

Then I think in San Francisco they will fly the dear old flag.

When the suffragettes of England start to mend their husbands' socks;

When everyone is wealthy and nobody ever knocks;

When Ty Cobb bats .300 and his legs begin to lag;

Then I think in San Francisco they may flout the dear old flag.

When no one smokes tobacco, and they get reform in dress;

When the Seals to annex Oakland, and Oakland answers "yes";

When the city hall is crumbling, and Bill Leard declines to crab;

Then perhaps in San Francisco they will hoist a champion rag.

When Jeffries knocks out Johnson, and Great Britain wins a belt;

When Bill Taft kisses Roosevelt, and the sands of Egypt melt;

When "Doc" Frost covers second, and each umpire gets a job;

You can bet that San Francisco will that year annex the rag.

told by fans that I got a better shortstop out of the deal than either Beaver or Berger of the Sox.

"Horse, Pige and Gill are all fast men on the bases. Then in the outfield we have three clever baserunners. Ellis is a fast runner, and McGardner or Howard, and he is not very slow at that."

Hagerman will probably work today for Portland, while Delmi may be used by Howard.

At Sacramento Milze expects to give the Seals a good game. He is a chance, ending Gregory, back on Sunday and Malarky Saturday.

## SPORT BREVITIES

St. Mary's College track and field men will meet the Pastime team on the St. Mary's oval Sunday.

One of the features of the Portola festival to be held October 22 to 25 will be a polo match between the several Pacific Coast teams for a trophy.

For the first time in two seasons the St. Mary's team of the San Mateo Polo club were forced to taste defeat, the Seals being defeated yesterday at 10 Hawaiian field, Hillsborough, by the All-Hawaiian team by the score of 35 to 33.

The Arthur Pelky, who boxed a draw with Tommy Burns in the name Pelky who was outpointed in ten rounds in the East by Jess Willard.

Tommy Murphy and his manager, Jim Buckley, left New York last night bound for San Francisco.

Abe Attell, former featherweight champion, showed notable improvement in a ten-round bout at New York last night in which he cleverly outpointed Jimmy Walsh of Boston.

The two crack junior crews of the South End Rowing club of San Francisco will row a race Sunday morning. The event will be pulled off at the foot of Van Ness avenue. The crews will line up as follows:

F. Spandau, stroke; W. Bear, No. 3; W. Beckenbach, No. 2; C. Robinson, No. 1; R. Boyle, coxswain.

A. Gleason, stroke; E. Schilder, No. 3; O. Knottner, No. 2; F. Swain, No. 1; R. Everett, coxswain.

St. Mary's College Independents were defeated yesterday at Goat Island by the Goat Island nine, the collegians taking the short end of a 3 to 2 score.

Goat Island Score: R. J. E. 3, 2, 1; St. Mary's 2, 1, 0. Pitcher, Woodmans, catcher, St. Mary's; Oeschger, pitcher; Moy, catcher.

SCHAEFFER NAMES HIS  
MEN FOR THE BIG  
CONTEST

UNIVERSITY OF CALIFORNIA, April 4.—Coach Jimmie Schaeffer of the California ball team announced last night the names of the players who will represent the Blue and Gold against the Cardinal in the second game of the intercollegiate series tomorrow. The team which Schaeffer has selected is practically the same as the nine which met defeat at the hands of the Stanford players last Saturday, though one or two important changes may be witnessed when the nine takes the field at Palo Alto tomorrow.

Chapman has been selected to do the twirling in this contest and judging by the form which he displayed against the U. S. C. heroes Wednesday, he is in fine fettle at present.

Sebastian will catch, while Dodson, Goodwin and Young will be seen at first, second and third respectively.

Schaeffer has named both Price and Rubke for short. At right field also no decision has been made. Stephens and Shepherd both appear on the list.

Left and center will be occupied by Captain Coane and Adair respectively, as in last week's game. The Southern Pacific company has announced a special train leaving Third and Townsend streets in San Francisco tomorrow for the game. A reduced rate of \$1.30 for the round trip has been offered for this train alone, the regular fare prevailing on all other trains.

Following is the complete California lineup: Chapman, pitcher; Sebastian, catcher; Dodson, first base; Goodwin, second base; Young, third base; Price or Rubke, shortstop; Coane, left field; Adair, right field; Stephens or Shepherd, right field.

## AMATEUR BASEBALL

COUNTY LEAGUE PROBABLE.  
The Alamedas will meet the Berkeley Blues Sunday afternoon at 2:30 o'clock at Alameda Recreation park. The Alamedas won their opening game last Sunday against the Vaughan & Frasers of San Francisco.

The game next Sunday will be the first move towards a county league which will give semi-professional ball to at least four cities in the county. Alameda, Berkeley, Elmhurst, San Leandro and Hayward may all be in the league. The Alameda games will be played at the Alameda Recreation park, the park management owning the Alamedas.

The suggested Alameda City league has been abandoned in favor of the more comprehensive scheme of a county league. Instead of dividing the Alameda baseball talent into several teams the Alamedas will be able to work out a plan of making this team the strongest in the Island City and of drawing promising material from the lesser teams organizing now for the new season.

WANT GAMES.

St. Anthony's 11-15 team defeated the Oakland Glads Wednesday afternoon by the score of 10 to 3. The feature of the game was the pitching of F. O'Connor who allowed only three hits in six innings.The score of Sunday's game follows: St. Anthony's.....R. H. E. 10 12 2  
Oakland Glads.....R. H. E. 3 9 3  
Batteries: St. Anthony's—M. Kennedy, T. O'Connor, E. Spread and B. Geary; R. Oakland Glads—L. Cunningham and M. Cheate.

Although the Phoenix baseball team of St. Mary's college has disbanded for the season there are still a number of promising ball tossers in the college. Several teams have been formed. Games can be arranged by writing Wm. De Witt, 404 San Pablo avenue, Emeryville, or phone Oakland 124. The college boys prefer to play on their own grounds.

THE GAELIC BALL FANS  
ARE ENTHUSIASM  
ALREADY

Local followers of Gaelic football are happy at the announcement that the Geraldines of Oakland have been matched at last with the Erin's Hopes of San Francisco, for Sunday, April 28. The game will be played at St. Ignace grounds, in San Francisco, on the same afternoon that the Fairmounts and the McBrides meet at the same grounds. The Geraldines are practicing on the Elgin-cent-street football grounds, and are confident that they will uphold the honor of the team in the coming match. The Geraldines and the Erin's Hopes have never met before, and the supporters of each anticipate a great contest. So anxious is the San Francisco team to defeat Oakland that other teams are being drawn upon for star players to recruit the Hopes.

The Geraldines have no means of preventing this action, as the teams are not organized in any league. The local players will depend upon nerve and skill to bring their victory.

STANFORD-U. S. C.  
TRACK MEET

STANFORD UNIVERSITY, April 4.—Stanford University defeated University of Southern California 79-5 to 42-4-5 in a track meet yesterday, characterized by many fast performances. James E. Sullivan, secretary of the Amateur Athletic Union, refereed the meet.

McKee won the 100 and 220-yard dashes for Stanford, doing both in even time, 10 and 22 seconds flat, and tying the Stanford record held by Bill Wyman.

Don Dawson, Stanford, leaped 23 feet, 10 1/2 inches, bettering his Saturday leap by half a foot.

The Southerners won in the high and low hurdles, relay race and pole vault. Kelly, Olympic champion, won the two hurdles. Stanford won the high jump, hammer throw and the two-mile event.

NEW ORLEANS, April 4.—After making six scores each in twelve innings of play, the Cleveland Americans and the New Orleans Southern Leaguers called off the game here yesterday.

MATCHMAKER FRANK SCHULER'S fight card for tonight's four-round show will give local fight fans a chance to see a number of strangers in action. Of the new men, "Hawk" Powers, a Memphis, Tenn., boy, is attracting some attention. Powers will meet Sailor Grande in one of the main events. Grande is a good card, while the newcomer has several victories over east men. It appears, according to the dope sheet, that Powers has a hankering for taking opponents heavier than himself and beating them.

He fought Sanborn in Los Angeles last year, Sanborn weighing in at 160 and Powers at 155. Powers knocked his man cold in the second round. His other recent win was over Bull Wilson, also in Los Angeles. Wilson tipped the beam at 170 with Powers at 158. Wilson lasted about a minute and a half when he was knocked out by "Hawk."

Hawker is training in this city. He is a fast man and he will have a strong backing when he goes into the ring, for he has yet to be beaten.

Jimmie Fitten, the local boy, was at first scheduled to meet Jack McHenry, but Matchmaker Schuler and Fitten could not come to terms, so Antonio La Grava secured McHenry, who is a local boy, has had several fights in Los Angeles and is a rugged left fellow. He appears to be a fast man and he will have a strong backing when he goes into the ring, for he has yet to be beaten.

Considerable interest is being taken in the Ad Zotte-McHenry fight. Both these boys are out to win and during their stay in the ring some clever fighting will be promised. Both boys want to go to a ten-round draw at Stockton.

Atell has been touring the east and tomorrow evening's appearance will be the first about the bay in many months. They will fight at 124 pounds.

A Northwest product who looks like a real hustler is Jake Kaye, who meets Bob Amertus. Kaye has held Tommy McFarland and Bud Anderson to draws and has also defeated some speedy northwesterners. Amertus is a San Francisco champion.

The heavy weight meeting between Fred Grant and Ed Willis is going to be a special event. Both boys want to make their credit and they are going after it to the best of their ability. Willis is a steeveder and will have the backing of every able bodied longshoreman on the bay. This is the first real test and he is anxious to make good.

The referee of the card as prepared by Schuler follows: Willie Hoppe vs. Frankie Kiki, Tad Rioran vs. "Sailor" Schaeffer, and "Kid" Wolfe vs. Joe Stanton.

Harry Foley will referee the entire card. The fights will begin promptly at 8:15 o'clock in the evening. Local fans to get lions at a reasonable hour.

Chance for Baker  
If Harry Baker succeeds in decisively defeating Manuel Viera in their six-round go before the Wheelmen's club on April 16 Matchmaker Jimmie Roman has stated that he will have the backing of him with Johnnie Kilbane for the lightweight championship. Baker is an Oakland boy and has an excellent record before him. He has fought and outpointed such well known fighters as Harry O'Keefe, Johnny Summers, Charlie Griffin, Young Pierce, Willie Mages, Webster and Percy Cove. Of these the most noteworthy was the fight with Percy Cove, the two men met here on April 14, 1911, after 15 rounds of fighting Baker was declared the winner. He completely outclassed Cove, though the latter made a career of him. By reason of his wonderful showing in the ring will Cove be given a chance with Attell.

Baker first broke into the limelight about seven years ago when he was declared the amateur bantamweight champion of the United States. His speed was marvelous. Commenting upon the boy's work following his defeat by Percy Cove, the late Eddie Smith, at that time sporting editor of THE TRIBUNE, said: "Baker's cleverness so bewildered Cove that before the fourth round had been fought the string bean fighter was swinging wildly in an effort to catch the fast coming and going Baker. Every time Cove would look up from between his arms which he tried to keep crossed over his face, he would find the left-hand

Thirty-five out of the first 37 fights of Baker were won by him. His 35th bout was with Ad Wainart and resulted in a draw. Baker's last fight was with Frankie Burns of this city and was fought two years ago. Burns won by a decision.

Jess Willard permitted a San Francisco surgeon to operate upon his nose yesterday and it will be a month or more before he is seen in action.

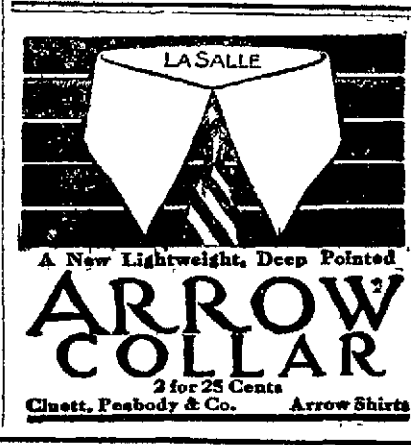

As Jack Lester has been passed up by all the profession promoters, the four-round frame is gone to welcome the southwesterner and allow him to display hisistic wares. Promoter Mitchell of the National club has a petted fighter and a Klumfian for four rounds, the bout to take place on April 11 at Pavilion rink.

Frankie Burns and Henry Hickey are boxing daily at Piedmont Pavilion.

Percy Cove is trying hard to land a match but the promoters do not seem to be willing to give the boy a chance. Percy has always given the fans a run for their money and has plenty of fight left.

West Oakland Club  
Has Postponed  
Its Card

The West Oakland club has decided to postpone its card until the 29th or 30th of the present month, instead of attempting to stage bouts on April 9. Great difficulty was experienced in securing a high-class card and the promoters preferred not to take any chances. It is promised that a match of merit will be announced for the end of the month.

After one of the hottest meetings in its history, the Bay Counties Athletic meeting yesterday afternoon at the Spaulding Athletic Goods Offices, in San Francisco, resulted in the protest of two recent games, and ordered the teams concerned to re-play the games. The first protest, which was brought up by the Oakland High School athletes, was in regard to the recent Oakland-Fremont game, which was won by the latter, on the basis of a certain play which was ruled in favor of the Oakland team. The second protest, which was brought up by the Alameda High School athletes, was in regard to the recent Alameda-Fremont game, which was won by the latter, on the basis of a certain play which was ruled in favor of the Alameda team.

## CLAREMONT CLUB ENTERS 27 IN BIG GOLF TOURNEY

The entries closed last night for the annual Northern California golf tournament, which will be opened tomorrow on the course of the San Francisco Golf and Country Club at Ingleside. The total list of entries numbers many players, 27 of whom are registered from the Claremont Country Club.

Tomorrow the play in the tourney will be occupied with the holding of the first round and the succeeding rounds of the match play will be run off on Sunday and during the coming week.

Headlining the Claremont contingent is Jack Neville, the present holder of the title of Northern California champion. Neville has been out on the links consistently for the past year, though it is certain that he will not have an easy time in doing so. Campbell White of the Fresno Golf Club appears to have an excellent chance of being among those close to the top and will probably be Neville's most dangerous competitor.

Frank Kaiser and J. P. Fredericks also appear among the Claremont entries and both are certain to qualify in the first round to play in the second round.

If the present stormy weather continues to prevail across the bay tomorrow there is likely to be an upset or two in the performances of the players. Practice scores may be turned in which do not follow the selections of the experts. It is likely, however, that the weather will clear up and the tourney will be run off as planned.

## WANT RECREATION GROUND LAD OUT

**Fruitvale Club to Request the Board of Education for Playgrounds.**

FRUITVALE, April 4.—A committee, appointed by the Hopkins Street Improvement Club, will interview the Board of Education next Monday with a view to having grounds laid out for recreation purposes for the school children in this district.

The committee consisting of W. F. Biodeck, E. Barfield, and C. J. Ernst, reported on the subject of a playground at a meeting of the Hopkins Street Improvement Club last night.

On the San Francisco side of the bay, Lick and Polytechnic will fight it out for the championship of the B. C. A. L. league. The winner of each sub-league will play the winner of the other sub-league in the final game of the championship of the B. C. A. L. league.

**BASKET BALL CHAMPIONSHIP.**  
The basketball championship of the B. C. A. L. will be decided next Wednesday evening at the Rice Institute in San Francisco, where Berkeley High and two sub-leagues, meet in what promises to be a thrilling game.

**SAVES BOATMEN IN PERIL OF DROWNING.**  
RICHMOND, April 4.—Earle Janke figured as a life-saver yesterday when he pulled J. Murphy and a man from San Francisco out of the water of the bay and saved them from drowning. They had been boat riding from the Kellogg boat house near the Santa Fe ferry mole and their boat was overturned by the rough sea and waves sweeping in on a high wind from the Golden Gate.

The men could not swim and were about ready to give up struggling and go to the bottom when Janke happened along and put out a rope to them. They were resuscitated in the course of an hour and went on their way little the worse for their experience.

**TO PLAY WHIST FOR BENEFIT OF CHURCH.**  
SAN LEANDRO, April 4.—A large whist party will be held in St. Joseph's church here tonight for the benefit of the church. The affair is in charge of a number of the church members and is expected to attract a large crowd.

**SWIMMERS DESERT CAMPUS FOR OLYMPIC CLUB TANK.**  
UNIVERSITY OF CALIFORNIA, April 4.—The stormy weather of yesterday and today has necessitated a change in the program for tonight's swimming contest in connection with the Pacific Coast Interscholastic meet at Berkeley. The contest was to have been held in the open air swimming tank in Strawberry Canyon, on the campus, but now the contest will be held in the Olympic Club tank in San Francisco.

The Olympic Club tank is a large tank, 100 feet long and 25 feet wide, and is located in the Olympic Club building in San Francisco. It is a very convenient tank for the purpose of holding a swimming contest.

## WORST STOMACH TROUBLE ENDED

No Indigestion, Gas, Heartburn or Dyspepsia Five Minutes After Taking "Pape's Diapepsin."

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapepsin and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't at comfort, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous fumes.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

These large fifty-cent cases contain more than sufficient to thoroughly cure almost all cases of dyspepsia, indigestion or any other stomach disorder.

**WALTER HOBART SWORN IN AS DEPUTY SHERIFF**

**REDWOOD CITY, April 4.**—"Every man his own policeman," seems to be the slogan adopted by Walter Hobart Sworn, police officer and clubman whose wife recently secured a divorce. At any rate, Sworn has become a deputy sheriff, with all the rights and privileges of that office with the exception of the financial emoluments, and he doesn't need these.

The fact was just discovered yesterday, although Sheriff J. H. Mansfield swore him in March 28 at Sworn's request. The polo player says he wants to wear the badge of authority because vandals break down the fences of his Hillsboro estate, and try to steal his blooded horses.

## ACCUSES SENATOR OF IMMORALITY

Office Seeker Charges Solon Acted in Improper Manner.

WASHINGTON, April 4.—Charges involving the moral conduct of a Democratic Senator from a western state have been presented to United States Attorney Wilson here and he is investigating. A man seeking federal office charges that when his wife, acting in his behalf, went to the senator, the latter acted in an improper manner, and later repeated his conduct, calling on the woman at a hotel where the husband asserts he had posted witnesses.

The affiant declares the charges are blackmail and part of a plot to ruin him politically. He declares the witnesses against him are persons who have been or represent his political enemies in his own state.

The affiant charged against the senator is alleged to have happened a week ago. No attempt to keep the matter quiet was made either by the woman concerned, her husband or the witnesses, but no official steps were taken at that time.

Later, the affiant stated that he intended to drop the affair and finally decided to get the advice of a lawyer. The charges were then brought to the attention of the United States attorney. United States Attorney Wilson will not confirm a report that he has presented the witnesses to the grand jury. A grand jury would have no jurisdiction over a senator after Congress goes into session next Monday. The name of the senator withheld by the authorities, as no official action has been taken yet.

**JUDGE WILLIAM P. LYON PASSES AWAY, AGED 91**

SAN JOSE, April 4.—Judge William P. Lyon, father of W. P. Lyon Jr., business manager of the Mercury-Herald, and of Mrs. J. O. Hayes, died this morning at his home, aged 91 years. He was an eighty-five years' old man, justice of the Supreme Court of Wisconsin, was colonel of the Thirtieth Wisconsin Infantry in the Civil War and was for five years a member of the Wisconsin board of control under Governor La Follette.

He had resided with his son at Edendale during the last ten years.

**FIND MRS. GERHART DIED ACCIDENTALLY**

ST. LOUIS, April 4.—The deputy coroner who investigated the death by poison Tuesday of Mrs. Julia MacFarlane Gerhart, returned a verdict today that death was accidental. The deputy coroner found that Mrs. Gerhart took an overdose of poison in an attempt to induce sleep.

## REPORT ON RURAL SCHOOL SYSTEM

Investigation of Denmark's "Folk High School" Shows Valuable Results.

WASHINGTON, April 4.—Glowing preliminary reports on the inquiry being made into the rural school system of Denmark were received today by the United States Bureau of Education from its investigators Professor Harold W. Foght of the bureau accompanied by W. F. Smith of Mississippi, and L. L. Friend of West Virginia, engaged in touring Denmark. He declares the remarkable development of the country along agricultural lines is due to the education of not only the children but the adults as well.

Denmark's "folk high school" system is given chief credit for the development. In these schools men and women are given opportunity to take up vocational studies for eleven days in each month throughout the year. Other schools are maintained for the education of small farm owners, the principal studies being horticulture and kindred branches of agriculture suitable to intensive work.

In its statement today the bureau declared that Professor Foght's first-hand information in Denmark is only part of a widespread investigation that is being made into the question of rural schools. There now are three specialists at work in the United States carrying on the inquiry, their fields of action being divided that the country is covered thoroughly.

## THEATER PARTY TO BE BIG AFFAIR

Daughters of Isabella Working Actively Toward Success of the Event.

Arrangements are being rapidly completed for the theater party to be given by Court California No. 159 Daughters of Isabella, at the Orpheum theater Monday evening, April 8. The affair promises to be one of the social successes of the season and judging from the large number of tickets already disposed of, a record-breaking attendance is assured.

In addition to the regular program offered by the Orpheum management for that evening, several other interesting features will be added. The committee of arrangements which is in charge of the affair is composed of the following active workers: Miss Margaret Gallagher, chairman, Miss Regina Mellon, grand regent, Miss Lillian Fitzpatrick, Miss Anna Fitzpatrick, Miss Chambers, Mrs. May Doyle, Mrs. O'Marra, Mrs. H. S. Knapp, Mrs. Bodicker, Miss Ambrose, Mrs. Elyand, Mrs. Eugene Corrigan, Miss Marie Clancy, Miss Louise Junor, Miss Anna McDonald, Mrs. J. J. Manseau, Miss Minnie Peshan, Miss Lillian Wilton, Miss Gertrude Carroll and Mrs. Hanford.

Court California continues to make rapid strides in membership. Last Sunday thirty-five new members were initiated in the regular program of the organization. The initiation ceremonies, a banquet was served at the Hotel Oakland.

**MESSAGE OF SYMPATHY IS SENT BY TURKEY**

WASHINGTON, April 4.—Although embroiled in a disastrous war the Turkish government found time today to send a message of sympathy to the American government over the flood disaster in the United States. The Turkish embassy transmitted its condolences to President Wilson and his family to the American people.

## ROYAL RECEPTION AWAITS HUNDREDS OF VISITORS

Formal Opening of O. & A. Will Be Gala Event

GEORGE T. COMPTON.

Preparations are practically complete for the reception tomorrow of the boosters of Contra Costa county when they arrive on the first trip of the Oakland, Antioch and Eastern for a day's visit in this city. Details for the big industrial parade have been completed the concert at Lakeside Park has been arranged and all the other attractions with which the visiting delegates from the neighboring county will be entertained are ready for their inspection.

The opening of the vast new territory covered by the new line to Oakland is considered by business men one of the most important events of the past decade and the people of Contra Costa county who will in future, often see Oakland, the new line making the towns of the fertile region as close as Hayward or San Leandro, will, at the very start, be shown all or this city's attractions and commercial advantages.

The big industrial parade, perhaps the most important feature of the day, will commence at 10 o'clock, from Forty-fifth street and Broadway, and will arrive at Fourteenth street shortly after the visitors are seated in the places of honor reserved for them in the buildings on both sides of the street. From there the parade will proceed to Twelfth, up Washington, down Franklin and up Eighth past THE TRIBUNE office, to Tenth street, and, returning to Broadway will proceed to Lakeside Park, where the reviewing stand will be situated and where the judges will award the prizes for the best machines and decorations.

**BIG AUTO PAGEANT.**

The parade will be one of the greatest automobile pageants ever seen on the Pacific coast, over one thousand machines, including motor trucks, touring cars and roadsters, to be in the bands furnishing the music will ride in huro, trucks, the three school bands, as well as professional organizations, to take part in the festivities. Each machine will be decorated with a large flag on the rear and smaller streamers on the sides. These flags are being furnished by the committee, headed by W. W. Keith and Fred E. Reed at a nominal rate.

Every human being in the parade, declares the committee, must wear a "My City—Oakland" hat band. "My City—Oakland" a band of 100 pieces will be heard in Lakeside park, the concert to take place at 2 in the afternoon. Theaters, a baseball game and other attractions will fill the remainder of the afternoon and Idera Park will stage special attractions in honor of the Contra Costa county visitors, both afternoon and evening. The return train will leave at 6 p. m., but many of the visitors have announced their intention of staying over for the evening's festivities.

**TO MEET COMMITTEE.**

The visitors will be guided to Oakland by a committee of boosters and road executives of Oakland and Professor A. Vander Naillen Jr., who, in the county's younger days, surveyed practically all of the region and was the engineer on many important projects of the Contra Costa county visitors, both afternoon and evening. The return train will leave at 6 p. m., but many of the visitors have announced their intention of staying over for the evening's festivities.

**TO BE BIG AFFAIR.**

"This is to be the biggest thing Oakland has seen in many a day," said Fred E. Reed, in charge of details of the big affair. "It means that we are to open up a vast channel of trade heretofore cut off by the hills, and Oakland business men will reap untold benefit from it. Oakland, heretofore the center of a small territory, is now the commercial center as far as the Pan-Pacific Ex-

as Stockton, and the business will aggregate hundreds of thousands. "By welcoming these visitors in the proper manner, showing them our willingness to co-operate for the best interests of the region and at the same time showing our many advantages, from both the geographical and commercial standpoint, we will be cementing close the business and social interests of the two counties. We must be friends and we must show these people that we are willing to do all in our power to make this side of the bay greater and grander.

**PRaises RAILROAD.**

"The railroad which has made this possible will come in for its share of the glory. It will have the business growing from these increased trade relations and it will have the credit of making it possible to open up this vast market to our east. Great stretches of land will be exploited and will be filled soon with a large and productive population. Oakland will grow eastward and the cities of Contra Costa county will swell in size as the road makes it possible for their inhabitants to reach the commercial centers in a short time.

"We must bid these people welcome in a manner fitting our position as the coming metropolis of California, and I think we are going to do it. To be practical our immediate need is more machines. This thing has grown to proportions we never dreamed of. Every business man in Oakland should be with us, his machine decorated and his little hat band on tomorrow morning. We have enough proposed to make a wonderful showing, but the more we get the better we will be pleased."

One of the two features of the day will be the landing of Christofferson, the aviator in his hydroplane, during the band concert, when the bird man will alight on Lake Merritt, bearing a message to the people of Oakland from Mayor Rolph of San Francisco. The aviator will land shortly after the concert is started, or about 2:15 in the afternoon. A launch containing several city officials and probably Mayor Rolph will meet him, and the officials will receive the written greeting from the San Francisco executive.

In the afternoon at 3:30 the championship game for the bay counties schools will be played between the Alameda High school and the Manual Training and Commercial High school. This game will be played for the benefit of the Ohio flood sufferers and it is expected that some \$2000 will be turned over to the Oakland relief committee as a result of the game.

Guest badges will admit the visitors to everything, Idera Park, street cars, attractions of all kinds, with the exception of this benefit game, arranged by a committee composed of Billy Fitz, sport editor of THE TRIBUNE, E. A. Bull, Kenneth A. Millican and Frank Leavitt, president of the Coast League, through whose courtesy the grounds were loaned.

Theatrical stunts will be on the grounds to sell peanuts and popcorn to add to the fund for the flood sufferers. The judges for the automobile contest were named this morning. They will be Superior Judges Everett J. Brown, W. H. Donahue and William Har is together with Mrs. Cora E. Jones, president of the Federation of Women's Clubs, and Mrs. R. S. Chamberlain, president of the Oakland Club.

## GIRL WILL BE HELD AS BURGLARY WITNESS

SAN FRANCISCO, April 4.—Lucille Sturgess, alias Violet Elliott, who turned state's evidence, and thereby brought about the conviction of the gang of alleged thieves, including Jessie Clifton, the art student, was arraigned in Police Judge Sullivan's court today on a charge of burglary. Her case was continued one week.

Detective Sergeant Dinan declared that the young woman would not be prosecuted, but that she had been charged in order to have her close at hand and hold her as a witness. The other members of the gang are Maud and Patrick Shea and Bert Sheard.
